## Joint Resolution

Sept. 30, 1983

[S.J. Res. 82]

Designating November 1983 as "National Alzheimer's Disease Month".

Whereas more than one million five hundred thousand Americans are affected by Alzheimer's disease which is a surprisingly common disorder that destroys certain vital cells of the brain; Whereas Alzheimer's disease is the fourth leading cause of death among older Americans;

Whereas Alzheimer's disease is responsible for 50 per centum of all nursing home admissions, at an anticipated annual cost of almost \$20,000,000,000;

Whereas in one-third of all American families one parent will succumb to this disease;

Whereas Alzheimer's disease is not a normal consequence of aging; and

Whereas an increase in the national awareness of the problem of Alzheimer's disease may stimulate the interest and concern of the American people, which may lead, in turn, to increased research and eventually to the discovery of a cure for Alzheimer's disease: Now, therefore, be it

National  
Alzheimer's  
Disease Month.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That November 1983 is designated "National Alzheimer's Disease Month". The President is requested to issue a proclamation calling upon the people of the United States to observe that month with appropriate ceremonies and activities.

Approved September 30, 1983.

Joint Resolution

To designate the week of December 11, 1983, through December 17, 1983, as "National Drunk and Drugged Driving Awareness Week".

Sept. 30, 1983  
[S.J. Res. 119]

Whereas traffic accidents result in more violent deaths in the United States than any other cause, over forty-four thousand in 1982;

Whereas traffic accidents cause thousands of serious injuries in the United States each year;

Whereas more than 65 per centum of drivers killed in single vehicle collisions and over 50 per centum of all drivers fatally injured have blood alcohol concentrations above the legal limit;

Whereas the Surgeon General has reported that life expectancy has risen for every age group over the past seventy-five years except for those fifteen to twenty-four years old, whose death rate, the leading cause of which is drunk driving, is higher now than it was twenty years ago;

Whereas the total societal cost of drunk driving has been estimated at over \$24,000,000,000 per year, which does not include the human suffering that can never be measured;

Whereas there are increasing reports of driving after drug use and accidents involving drivers who have used marihuana or other illegal drugs;

Whereas driving after the use of therapeutic drugs, either alone or in combination with alcohol, contrary to the advice of physician, pharmacist, or manufacturer, may create a safety hazard on the roads;

Whereas more research is needed on the effect of drugs either alone or in combination with alcohol, on driving ability and the incidence of traffic accidents;

Whereas an increased public awareness of the gravity of the problem of drugged driving may warn drug users to refrain from driving and may stimulate interest in increasing necessary research on the effect of drugs on driving ability and the incidence of traffic accidents;

Whereas the public, particularly through the work of citizens groups, is demanding a solution to the problem of drunk and drugged driving;

Whereas the President has appointed a Commission on Drunk Driving to heighten public awareness and stimulate the pursuit of solutions, and this Commission has provided vital recommendations for remedies for the problem of drunk driving in an interim report in December 1982;

Whereas many States have appointed task forces to examine existing drunk driving programs and make recommendations for a renewed, comprehensive approach, and in many cases their recommendations are leading to enactment of new laws, along with stricter enforcement;

Whereas the best defense against the drunk or drugged driver is the use of safety belts and greater safety belt usage would increase the number of survivors of traffic accidents;

Whereas an increase in the public awareness of the problem of drunk and drugged driving may contribute to a change in society's attitude toward the drunk or drugged driver and help to sustain current efforts to develop comprehensive solutions at the State and local levels;

Whereas the Christmas and New Year holiday period, with more drivers on the roads and an increased number of social functions, is a particularly appropriate time to focus national attention on this critical problem;

Whereas designation of the week of December 12, 1982, through December 18, 1982, as National Drunk and Drugged Driving Awareness Week stimulated many activities and programs by groups in both the private and public sectors aimed at curbing drunk and drugged driving in the high-risk Christmas and New Year holiday period and thereafter;

Whereas the number of traffic fatalities over the three-day New Year holiday in 1982 was the lowest since 1949, with 282 deaths as compared to 338 deaths for the same period in 1981;

Whereas the activities and programs during National Drunk and Drugged Driving Awareness Week in 1982 heightened the awareness of the American public to the danger of drunk and drugged driving and contributed to the decrease in traffic fatalities: Now, therefore, be it

National Drunk  
and Drugged  
Driving Aware-  
ness Week.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled.* That the week of December 11, 1983, through December 17, 1983, is designated as "National Drunk and Drugged Driving Awareness Week" and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe that week with appropriate activities.

To amend the District of Columbia Retirement Reform Act.

Sept. 30, 1983  
[S. 1625]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That section 145 of the District of Columbia Retirement Reform Act, approved November 17, 1979 (93 Stat. 866, 882-884), is amended to read as follows:

“(a)(1) After January 1, and before March 1, of each year beginning with calendar year 1984 and ending with calendar year 2004, the enrolled actuary engaged pursuant to section 142 shall, with respect to the District of Columbia Police Officers and Fire Fighters’ Retirement Fund—

“(A) determine, in accordance with paragraph (2) of this subsection, the disability retirement rate for the preceding calendar year; and

“(B) determine if such disability retirement rate for such preceding calendar year is greater than eight-tenths of a percentage point.

“(2) For the purposes of clause (A) of paragraph (1) of this subsection, the disability retirement rate for the applicable calendar year shall be an amount equal to a fraction, the numerator of which is the number of officers and members of the Metropolitan Police Force and the Fire Department of the District of Columbia who first became officers or members on or before February 14, 1980, and who retired on disability during such applicable year under subsection (f)(1) or (g)(1) of section 12 of the Policemen and Firemen’s Retirement and Disability Act (but such numerator shall not include any such officer or member whose retirement is ordered by a court of competent jurisdiction), and the denominator of which is the total number of such officers and members who were on active duty on January 1 of such applicable calendar year.

“(3) The enrolled actuary shall report the determinations (including related documents and information) made under paragraph (1) of this subsection to the Board and to the Comptroller General of the United States not later than March 1 of each year.

Reduced  
amount,  
determination.

93 Stat. 881.

“(3) With respect to each applicable fiscal year, the Comptroller General shall make a determination, as provided for under subsection (c)(1) of this section of the amount, if any, by which the authorization under section 144(a)(1) should be reduced. The results of such determination, together with such other data, information, and comments as the Comptroller General may deem necessary to enable the Congress, and the appropriate committees thereof, to carry out the provisions of subsection (c) of this section, shall be included as a part of his report under paragraph (1) of this subsection.

“(c)(1) Notwithstanding any other provision of this Act, with respect to the fiscal year commencing October 1, 1984, and each fiscal year thereafter through the fiscal year commencing October 1, 2004, the authorization under section 144(a)(1) for each such fiscal year shall be deemed, for purposes of such section, to be reduced in the amount hereafter provided, if the report, submitted by the Comptroller General pursuant to subsection (b) of this section in the calendar year in which such fiscal year commences, states that the disability retirement rate under subsection (a) of this section for the preceding calendar year is greater than eight-tenths of a percentage point. The amount of such reduction shall be 1½ per centum for each whole tenth of a percentage point by which the disability retirement rate is greater than eight-tenths of a percentage point.

“(2) There shall be no reduction pursuant to section 144(a)(1) and paragraph (1) of this subsection for any such fiscal year, if, in computing the disability retirement rate under subsection (a) of this section for the calendar year preceding the calendar year in which such fiscal year commences, the numerator is less than eight.

Catastrophic or  
unordinary  
events.

39 Stat. 718.

“(3)(A) If the Board determines, on the basis of substantial facts, that unordinary circumstances or events of catastrophic magnitude, such as a fire or civil disorder, caused or significantly contributed to the number of disability retirements under subsection (g)(1) of section 12 of the Policemen and Firemen’s Retirement and Disability Act during a calendar year covered by the report submitted by the Comptroller General pursuant to subsection (b) of this section, it shall submit a detailed statement on such circumstances and events to the Federal Emergency Management Agency and the Comptroller General. Report review by  
Federal  
Emergency  
Management  
Agency.

“(B) The Federal Emergency Management Agency shall review the Board’s report and provide the Board its assessment within sixty days of receipt of the Board’s report, of the scope, nature, involvement, and impact on District of Columbia police officers and firefighters of the events determined by the Board to be of unordinary

and of a catastrophic nature. The Agency shall submit copies of its assessment to the Comptroller General, the Board, and the offices and officers set forth in subsection (b) of this section.

Agency  
assessment,  
copies.

“(C)(1) The Comptroller General, on the basis of such reports from the Board and the Federal Emergency Management Agency, shall determine the extent to which such disability retirements which such Agency determined were caused or contributed to by such events and circumstances, caused a reduction in the amount appropriated to the Fund as provided under subsection (c) of this section. The Comptroller General shall report the amount of such reduction so caused to the Board and to the offices and officers set forth in subsection (b)(1) of this section. Such reports shall be submitted on or before December 31 of the calendar year in which he receives such report of the Federal Emergency Management Agency.

“(2) In addition to the amount authorized to be appropriated to the Fund for any fiscal year under section 144(a)(1), there is authorized to be appropriated for the fiscal year commencing October 1, 1984, and each fiscal year thereafter, such sum as may be necessary to pay to the Fund an amount equal to the amount of any reduction, plus interest lost to the Fund because of the reduction, for a fiscal year as reported by the Comptroller General to the offices and officers of the Congress pursuant to paragraph (1) of this subsection, but in no case shall any moneys be appropriated on the basis of the authorization pursuant to this paragraph except to the extent that any such reduction was actually made.”

Appropriation  
authorization.

SEC. 2. The amendment made by this Act shall be considered as having taken effect as of January 1, 1983.

Joint Resolution

Commemorating the Twenty-fifth Anniversary of the National Aeronautics and Space Administration.

Oct. 1, 1983  
[H.J. Res. 284]

Whereas the United States embarked on an urgent national effort to enter the space age which was inaugurated by adoption of the National Aeronautics and Space Act of 1958, whereby the National Aeronautics and Space Administration was created on October 1, 1958;

42 USC 2451  
note.

Whereas, on October 11, 1958, NASA launched into Earth-orbit its first automated satellite, Pioneer 1;

Whereas the first United States citizen was launched into suborbital space aboard his "Freedom 7" Mercury capsule on May 5, 1961;

Whereas, on February 20, 1962, the first United States citizen was launched into Earth-orbit aboard his "Friendship 7" Mercury capsule;

Whereas, subsequently, literally dozens of astronauts have been launched into Earth-orbit to perform useful work and research for periods lasting as long as three months at a time;

Whereas, on July 20, 1969, the Apollo 11 lunar module, "Eagle", carried the first manned expedition to the surface of the Moon and, subsequently, five additional two-man crews would explore the lunar front side for science;

Whereas hundreds of unmanned satellites have scientifically explored near-Earth space, have mapped our planet's resources, charted its weather and provided a technical base from which commercial exploitation of space has become a reality;

Whereas two-thirds of the planets in the solar system have been explored and observed in detail by increasingly complex generations of interplanetary craft;

Whereas the birth of the first reusable space transportation system was realized on April 12, 1981, with the successful launch, orbital operation and ground landing of the space shuttle Columbia;

Whereas, drawing upon its NACA heritage, the agency has continued to push forward the horizons of aeronautical research and development;

Whereas cooperative space projects with other nations of the World have greatly enhanced relations, communications, and understanding among the inhabitants of "Spaceship Earth";

Whereas, for twenty-five years, NASA has vigorously pursued the charter set forth by Congress—to realize the potential, practical benefits to be gained from aeronautical and space research and development—which has placed the United States in a preeminent position worldwide to utilize this technology; and

Whereas the twenty-fifth Anniversary of the birth of NASA provides an opportunity to recognize the enormous achievements by that agency in aeronautics and space research and development, and in related fields of science and technology: Now, therefore, be it

National  
Aeronautics and  
Space  
Administration,  
twenty-fifth  
anniversary.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled*, That the day October 1, 1983, is hereby designated the "Twenty-fifth Anniversary of the National Aeronautics and Space Administration", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate ceremonies and activities.

Approved October 1, 1983.

Joint Resolution

To authorize and request the President to designate October 16, 1983, as "World Food Day".

Oct. 3, 1983

[S.J. Res. 81]

Whereas hunger and chronic malnutrition remain daily facts of life for hundreds of millions of people throughout the world;

Whereas the children of the world are those who are suffering the most serious effects of hunger and malnutrition, with millions of children dying each year from hunger-related illness and disease, and many others suffering permanent physical or mental impairment, including blindness, because of vitamin and protein deficiencies;

Whereas although progress has been made in reducing the incidence of hunger and malnutrition in the United States, certain groups, notably Native Americans, migrant workers, the elderly, and children, remain vulnerable to malnutrition and related diseases;

Whereas the danger posed by malnutrition and related diseases to these groups and to other people is intensified by unemployment and slow rates of economic growth;

Whereas national policies concerning food, farmland, and nutrition require continuing evaluation and should consider and strive for the well-being and protection of all residents of the United States and particularly those most at health risk;

Whereas there is widespread concern that the use and conservation of land and water resources required for food production throughout the United States ensure care for the national patrimony we bequeath to future generations;

Whereas the United States has always supported the principle that the health of a nation depends on a strong agricultural foundation based on private enterprise and the primacy of the independent family farm;

Whereas a major global food supply crisis appears likely to occur within the next twenty years unless the level of world food production is significantly increased, and the means for the distribution of food and of the resources required for its production are improved;

Whereas the United States, as the world's largest producer and trader of food, has a key role to play in efforts to assist nations and peoples to improve the ability to feed themselves;

Whereas the United States has a long tradition of demonstrating its humanitarian concern for helping the hungry and malnourished;

Whereas efforts to resolve the world hunger problem are critical to the security of the United States and the international community;

Whereas the Congress of the United States is acutely conscious of the paradox of immense farm surpluses and rising farm foreclosures in America despite the desperate need for food by hundreds of millions of people around the world;

Whereas a key recommendation of the 1980 report of the Presidential Commission on World Hunger was that efforts be undertaken to increase public awareness of the world hunger problem;

Whereas the member nations of the Food and Agriculture Organization of the United Nations designated October 16 of each year as World Food Day because of the need to alert the public to the increasingly dangerous world food situation;

Whereas past observances of World Food Day have been supported by proclamations of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, and other territories and possessions of the United States, by resolutions of Congress, by Presidential proclamations, by programs of the United States Department of Agriculture and other Government departments and agencies, and by the governments and peoples of many other nations; and

Whereas more than three hundred national private and voluntary organizations plan to participate in World Food Day observances this year: Now, therefore, be it

(2) that, consonant with this policy, radio broadcasting to Cuba may be effective in furthering the open communication of accurate information and ideas to the people of Cuba, in particular information about Cuba;

Joint Resolution

Providing statutory authorization under the War Powers Resolution for continued United States participation in the multinational peacekeeping force in Lebanon in order to obtain withdrawal of all foreign forces from Lebanon.

Oct. 12, 1983  
[S.J. Res. 159]

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,*

Multinational  
Force in  
Lebanon  
Resolution.

SHORT TITLE

SECTION 1. This joint resolution may be cited as the “Multinational Force in Lebanon Resolution”.

50 USC 1541  
note.

FINDINGS AND PURPOSE

SEC. 2. (a) The Congress finds that—

50 USC 1541  
note.

(1) the removal of all foreign forces from Lebanon is an essential United States foreign policy objective in the Middle East;

(2) in order to restore full control by the Government of Lebanon over its own territory, the United States is currently participating in the multinational peacekeeping force (hereafter in this resolution referred to as the “Multinational Force in Lebanon”) which was established in accordance with the exchange of letters between the Governments of the United States and Lebanon dated September 25, 1982;

(3) the Multinational Force in Lebanon better enables the Government of Lebanon to establish its unity, independence, and territorial integrity;

(4) progress toward national political reconciliation in Lebanon is necessary; and

(5) United States Armed Forces participating in the Multinational Force in Lebanon are now in hostilities requiring authorization of their continued presence under the War Powers Resolution.

50 USC 1541  
note.

(b) The Congress determines that the requirements of section 4(a)(1) of the War Powers Resolution became operative on August 29, 1983. Consistent with section 5(b) of the War Powers Resolution, the purpose of this joint resolution is to authorize the continued participation of United States Armed Forces in the Multinational Force in Lebanon.

50 USC 1543.  
50 USC 1544.

(c) The Congress intends this joint resolution to constitute the necessary specific statutory authorization under the War Powers Resolution for continued participation by United States Armed Forces in the Multinational Force in Lebanon.

**AUTHORIZATION FOR CONTINUED PARTICIPATION OF UNITED STATES  
ARMED FORCES IN THE MULTINATIONAL FORCE IN LEBANON**

50 USC 1541  
note.

50 USC 1544.

**SEC. 3.** The President is authorized, for purposes of section 5(b) of the War Powers Resolution, to continue participation by United States Armed Forces in the Multinational Force in Lebanon, subject to the provisions of section 6 of this joint resolution. Such participation shall be limited to performance of the functions, and shall be subject to the limitations, specified in the agreement establishing the Multinational Force in Lebanon as set forth in the exchange of letters between the Governments of the United States and Lebanon dated September 25, 1982, except that this shall not preclude such protective measures as may be necessary to ensure the safety of the Multinational Force in Lebanon.

**REPORTS TO THE CONGRESS**

50 USC 1541  
note.

50 USC 1543.

**SEC. 4.** As required by section 4(c) of the War Powers Resolution, the President shall report periodically to the Congress with respect to the situation in Lebanon, but in no event shall he report less often than once every three months. In addition to providing the information required by that section on the status, scope, and duration of hostilities involving United States Armed Forces, such reports shall describe in detail—

(1) the activities being performed by the Multinational Force in Lebanon;

(2) the present composition of the Multinational Force in Lebanon, including a description of the responsibilities and deployment of the armed forces of each participating country;

(3) the results of efforts to reduce and eventually eliminate the Multinational Force in Lebanon;

(4) how continued United States participation in the Multinational Force in Lebanon is advancing United States foreign policy interests in the Middle East; and

(5) what progress has occurred toward national political reconciliation among all Lebanese groups.

**STATEMENTS OF POLICY**

50 USC 1541  
note.

**SEC. 5.** (a) The Congress declares that the participation of the armed forces of other countries in the Multinational Force in Lebanon is essential to maintain the international character of the peacekeeping function in Lebanon.

(b) The Congress believes that it should continue to be the policy of the United States to promote continuing discussions with Israel, Syria, and Lebanon with the objective of bringing about the withdrawal of all foreign troops from Lebanon and establishing an environment which will permit the Lebanese Armed Forces to carry out their responsibilities in the Beirut area.

(c) It is the sense of the Congress that, not later than one year after the date of enactment of this joint resolution and at least once a year thereafter, the United States should discuss with the other members of the Security Council of the United Nations the establishment of a United Nations peacekeeping force to assume the responsibilities of the Multinational Force in Lebanon. An analysis of the implications of the response to such discussions for the continuation of the Multinational Force in Lebanon shall be

included in the reports required under paragraph (3) of section 4 of this resolution.

**DURATION OF AUTHORIZATION FOR UNITED STATES PARTICIPATION IN  
THE MULTINATIONAL FORCE IN LEBANON**

**SEC. 6.** The participation of United States Armed Forces in the Multinational Force in Lebanon shall be authorized for purposes of the War Powers Resolution until the end of the eighteen-month period beginning on the date of enactment of this resolution unless the Congress extends such authorization, except that such authorization shall terminate sooner upon the occurrence of any one of the following:

50 USC 1541  
note.

50 USC 1541  
note.

(1) the withdrawal of all foreign forces from Lebanon, unless the President determines and certifies to the Congress that continued United States Armed Forces participation in the Multinational Force in Lebanon is required after such withdrawal in order to accomplish the purposes specified in the September 25, 1982, exchange of letters providing for the establishment of the Multinational Force in Lebanon; or

(2) the assumption by the United Nations or the Government of Lebanon of the responsibilities of the Multinational Force in Lebanon; or

(3) the implementation of other effective security arrangements in the area; or

(4) the withdrawal of all other countries from participation in the Multinational Force in Lebanon.

**INTERPRETATION OF THIS RESOLUTION**

**SEC. 7.** (a) Nothing in this joint resolution shall preclude the President from withdrawing United States Armed Forces participation in the Multinational Force in Lebanon if circumstances warrant, and nothing in this joint resolution shall preclude the Congress by joint resolution from directing such a withdrawal.

50 USC 1541  
note.

(b) Nothing in this joint resolution modifies, limits, or supersedes any provision of the War Powers Resolution or the requirement of section 4(a) of the Lebanon Emergency Assistance Act of 1983, relating to congressional authorization for any substantial expansion in the number or role of United States Armed Forces in Lebanon.

50 USC 1541  
note.  
*Ante*, p. 215.

**CONGRESSIONAL PRIORITY PROCEDURES FOR AMENDMENTS**

To settle certain claims of the Mashantucket Pequot Indians.

Oct. 18, 1983

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Mashantucket Pequot Indian Claims Settlement Act".*

Mashantucket  
Pequot  
Indian Claims  
Settlement Act,  
25 USC 1751  
note.  
25 USC 1751.

CONGRESSIONAL FINDINGS

SEC. 2. The Congress finds that—

(a) there is pending before the United States District Court for the District of Connecticut a civil action entitled "Western Pequot Tribe of Indians against Holdridge Enterprises Incorporated, et al., Civil Action Numbered H76-193 (D. Conn.)," which involves Indian claims to certain public and private lands within the town of Ledyard, Connecticut;

(b) the pendency of this lawsuit has placed a cloud on the titles to much of the land in the town of Ledyard, including lands not involved in the lawsuit, which has resulted in severe economic hardships for the residents of the town;

(c) the Congress shares with the State of Connecticut and the parties to the lawsuit a desire to remove all clouds on titles resulting from such Indian land claims;

(d) the parties to the lawsuit and others interested in the settlement of Indian land claims within the State of Connecticut have reached an agreement which requires implementing legislation by the Congress of the United States and the Legislature of the State of Connecticut;

(e) the Western Pequot Tribe, as represented as of the time of the passage of this Act by the Mashantucket Pequot Tribal Council, is the sole successor in interest to the aboriginal entity generally known as the Western Pequot Tribe which years ago claimed aboriginal title to certain lands in the State of Connecticut; and

(f) the State of Connecticut is contributing twenty acres of land owned by the State of Connecticut to fulfill this Act. The State of Connecticut will construct and repair three sections of paved or gravel roadways within the reservation of the Tribe. The State of Connecticut has provided special services to the members of the Western Pequot Tribe residing within its borders. The United States has provided few, if any, special services to the Western Pequot Tribe and has denied that it had jurisdiction over or responsibility for said Tribe. In view of the provision of land by the State of Connecticut, the provision of paved roadways by the State of Connecticut, and the provision of special services by the State of Connecticut without being required to do so by Federal law, it is the intent of Congress that the State of Connecticut not be required to otherwise contribute directly to this claims settlement.

Within thirty days of the enactment of this Act, the secretary of the State of Connecticut shall transmit to the Secretary a certified copy of said map.

SEC. 316. The Congress finds that the Forest Service's proposal of March 15, 1983, to consider six million acres of the national forest for possible sale has met with considerable opposition; and the national forests are an important part of the national heritage of the United States; and the national forests provide and protect important resources; and the national forests provide unique opportunities for recreation; and it is inconsistent with past management practices to dispose of large portions of our national forests. It is, therefore, the sense of the Congress that it is not in the national interest to grant the authority to sell significant acreage of the national forest until such time as the Forest Service specifically identifies the tracts which are no longer needed by the Federal Government; inventories the tracts as to their public benefit value; provides opportunities for public review and discussion of the tracts; and completes all necessary environmental assessments of such sales.

SEC. 317. Notwithstanding any other provision of law, the Secretary of the Interior is authorized and shall seek to acquire the private lands described in section 505(a) of the Act of November 10, 1978 (92 Stat. 3467), by crediting a surplus property account, to be established in the name of each landowner, in the amount of the acquisition price for such landowner's lands. The National Park Service shall update the existing appraisals for the parcels and, based on the approved appraised values, shall negotiate with the landowners for acquisition prices. Each owner may, using such credits in his surplus property account, bid, as any other bidder for surplus property, wherever located, in accordance with the Federal Property and Administrative Services Act of 1949. The Administrator of the General Services Administration shall establish each landowner's surplus property account and shall adjust the credits in such accounts to reflect successful bids under this section. Title to the lands described in this section shall pass to the Government at the time of establishment of the surplus property accounts. Nov. 15, 1983  
[S.J. Res. 122]

To designate the week of November 27, 1983, through December 3, 1983, as "National Home Care Week".

Whereas organized home health care services to the elderly and disabled have existed in this country since the last quarter of the eighteenth century;

Whereas home health care is recognized as an effective and economical alternative to unnecessary institutionalization;

Whereas caring for the ill and disabled in their homes places emphasis on the dignity and independence of the individual receiving these services;

Whereas since the enactment of the medicare program, including skilled nursing services, physical therapy, speech therapy, social services, occupational therapy, and home health aide services, the number of home health agencies providing these services has increased from less than five hundred to more than three thousand; and

Whereas many private and charitable organizations provide these and similar services to millions of patients each year preventing, postponing, and limiting the need for institutionalization: Now, therefore, be it

Joint Resolution

To designate the month of November 1983 as "National Christmas Seal Month".

Nov. 16, 1983  
[S.J. Res. 188]

Whereas chronic diseases of the lung afflict well over seventeen million Americans, cause more than two hundred thousand deaths annually, at a cost to the Nation of more than \$48.8 billion each year in lost wages, productivity, and in direct costs of medical care;

Whereas leading the fight in the voluntary sector to prevent illness, disability, and death from lung disease is the American Lung Association—the Christmas Seal People—a nonprofit public health organization supported by individual contributions to Christmas Seals and other donations;

Whereas chronic obstructive pulmonary diseases have been among the fastest rising causes of death—an 87 per centum increase in the past ten years. Almost seven million Americans, including two million two hundred and fifty thousand children, suffer from asthma;

Whereas, two and one-half million people have emphysema, while seven million eight hundred thousand suffer from chronic bronchitis. And it is expected that lung cancer will surpass breast cancer as the leading cause of cancer deaths among American women during this decade;

Whereas the American Lung Association, the Nation's first national voluntary public health organization, was founded in 1904 as the National Tuberculosis Association to combat TB when this lung disease was known to nearly every American family and one in seven deaths resulted from tuberculosis. Beginning in 1907, Christmas Seals were used to raise funds through private contributions to provide education to Americans about the disease; Whereas, in its early years, the National Tuberculosis Association pioneered in school programs aimed at motivating our young people to establish healthful living patterns. That tradition remains strong as the American Lung Association, through its community Lung Associations, helps educate the public, patients, and their families about lung diseases; sponsors community action programs for good lung health; underwrites medical research; supports education for physicians and other health care workers; wages vigorous campaigns against cigarette smoking and air pollution. The primary source of funding for more than seventy years has been Christmas Seals. This year, Christmas Seals will be in sixty million homes. Tuberculosis has been subdued considerably, but not eradicated in the one hundred and two years since the discovery of the tubercle bacillus by Doctor Robert Koch. The disease is still responsible for one in one thousand deaths—many among children. The American Lung Association continues to work with Congress to better distribute resources to control tuberculosis and work toward its eradication;

Whereas the American Lung Association works with the National Heart, Lung and Blood Institute, a major component of the National Institutes of Health, to support research, training, and demonstration programs relevant to the lung, as well as the National Institute of Allergy and Infectious Diseases and the National Institute of Environmental Health Sciences, in addition to the Tuberculosis Program of the Centers for Disease Control, the Office of Smoking and Health, and the Office of Health Promotion; and

Whereas the American Lung Association continues to cooperate with Federal agencies to bring about a decrease in the serious problem of lung disease, a mission to which its volunteers and staff are committed: Now, therefore, be it

National  
Christmas Seal  
Month.

## TITLE V—STATUS AND ROLE OF ADMINISTRATOR OF VETERANS' AFFAIRS

## CONGRESSIONAL FINDINGS

SEC. 501. The Congress finds that—

38 USC 210 note.

(1) the Nation has an historic and deeply-rooted commitment to providing benefits and services to those who served in the Armed Forces;

(2) this commitment must be continued and maintained, both to fulfill moral obligations to those who served in the past and to assure current and potential members of the Armed Forces that the Nation's obligations to those who serve will always be honored;

(3) the Veterans' Administration is the principal Federal entity responsible for veterans' benefits and programs;

(4) the Veterans' Administration has a potential population of beneficiaries of over 28 million veterans and over 55 million survivors and dependents;

(5) the Veterans' Administration will distribute over \$13.8 billion in income maintenance payments and over \$1.5 billion in education, training, and rehabilitation assistance payments during fiscal year 1984, operates one of the Federal Government's two major home loan guaranty programs, with over four million loans currently guaranteed, administers the largest direct insurance program in the Nation, and operates 108 national cemeteries and provides burial assistance for nearly 350,000 deceased veterans annually;

(6) the Veterans' Administration operates the largest centrally administered health-care system—consisting of, among other facilities, 172 hospitals, 226 outpatient clinics, and 99 nursing home care units—in the United States;

(7) the Veterans' Administration health-care system serves as the primary backup to the medical resources of the Department of Defense in time of war or national emergency involving the use of the Armed Forces in armed conflict;

(8) in terms of share of the annual Federal budget, the Veterans' Administration ranks sixth among Federal depart-

ments and agencies, and among Federal departments and agencies only the Department of Defense employs more personnel;

(9) the Administrator of Veterans' Affairs is the principal executive branch official responsible for the administration of the benefits, services, and programs of the Veterans' Administration and for seeking the coordination of veterans' programs administered by other Federal departments and agencies;

(10) there is a need for greater coordination between the Veterans' Administration and other Federal entities administering veterans programs and between the Veterans' Administration and other Federal entities providing similar benefits to individuals on a basis other than their status as veterans;

(11) by virtue of the Administrator of Veterans' Affairs not being included in the President's Cabinet, the Administrator generally is not included in Cabinet meetings and deliberations and generally does not have the ready access to the President and senior advisers on the President's staff that Cabinet members have; and

(12) as a consequence, Presidential decisions affecting veterans and the Veterans' Administration are made from time to time without an understanding of their full impact on veterans and on the Veterans' Administration's performance of its statutory missions.

#### SENSE OF THE CONGRESS

Cabinet member,  
designation.  
38 USC 210 note.

SEC. 502. In view of the findings in section 501, it is the sense of the Congress that the Administrator of Veterans' Affairs should be designated by the President as a member of, and a full participant in all activities of, the Cabinet and as the President's principal adviser on all matters relating to veterans and their dependents.

(5)(A) Not later than 24 months after the date of the enactment of this Act, and annually thereafter, the Administrator shall submit to the appropriate committees of the Congress a report on the status of study under paragraph (1)(A). (B) The requirement in subparagraph (A) for the submission of annual reports shall expire upon the submission of a report after the completion of study under paragraph (1)(A).

(6) A contract to carry out study under paragraph (1)(A) may not be entered into unless (A) appropriations for payments under the contract have been provided in advance, or (B) the contract provides that the obligation of the United States to make payments under the

(7) There are authorized to be appropriated such sums as may be necessary for the conduct of study under subsection (a)(1)(A).

(b) Not later than one year after the date of the enactment of this Act, the Administrator shall develop and distribute to appropriate Veterans' Administration personnel an indexed reference guide, derived from existing pertinent research-result compilations, designed to provide Veterans' Administration personnel who either furnish health care or adjudicate claims for benefits under title 38, United States Code, with readily usable information regarding the state of medical and other scientific information on any long-term adverse health effects in humans of exposure to ionizing radiation, including nuclear-device exposure, medical exposure, and occupational exposure.

(c)(1) For the purpose of ensuring that any study, research, or other activity carried out by the Federal Government with respect to adverse health effects in humans from exposure to ionizing radiation is scientifically valid and is conducted with efficiency and objectivity, the President shall ensure that—

(A) activities of the Veterans' Administration in connection with (i) study under subsection (a)(1)(A), (ii) the development of the guide required by subsection (b), and (iii) such additional research as may be identified, as a result of such study or the development of such guide or otherwise, as necessary for the resolution of questions regarding such effects are fully coordinated with studies and other activities which are planned, are being conducted, or have been completed by other departments, agencies, and instrumentalities of the Federal Government and which pertain to such effects, including the radioepidemiological tables mandated by section 7 of the Orphan Drug Act (Public Law 97-414; 96 Stat. 2059); and

The United States shall withhold payment of its assessed contribution to the United Nations or a specialized agency during any period in which United States participation is suspended pursuant to this section.

**REVIEW OF UNITED STATES PARTICIPATION IN THE UNITED NATIONS**

**SEC. 116. (a)** The Congress finds that—

(A) the extent and levels of United States financial contributions to the United Nations;

(B) the importance of the United Nations, as presently constituted, to fulfilling the policies and objectives of the United States;

(C) the benefits derived by the United States from participation in the United Nations;

(2) the President should review and make recommendations to the Congress regarding the matters described in this section by June 30, 1984; and

Report to  
Congress.

SEC. 118. The President shall use every available means at his disposal to ensure that the 1985 Conference to commemorate the conclusion of the United Nations Decade for Women is not dominated by political issues extraneous to the goals of the 1985 Women's Conference that would jeopardize United States participation in and support for that Conference consistent with applicable legislation concerning United States contributions to the United Nations. Prior to the 1985 Conference, the President shall report to the Congress on the nature of the preparations, the adherence to the original goals of the Conference, and the extent of any continued United States participation and support for the Conference.

## UNITED NATIONS WORLD ASSEMBLY ON AGING

SEC. 119. (a) The Congress finds that—

(1) in 1977 the Congress called for the United Nations to convene a World Assembly on Aging;

(2) the United Nations World Assembly on Aging was held in Vienna, Austria, from July 26 to August 6, 1982, and unanimously adopted the Vienna International Plan of Action on Aging on August 6, 1982, which called for the development of policies designed to enhance the individual lives of the aging and to allow the aging to enjoy their advancing years in peace, health, and security;

(3) the United Nations General Assembly on December 3, 1982, unanimously endorsed the World Assembly International Plan of Action; and

(4) the General Assembly of the United Nations, in adopting the plan, called upon governments to make continuous efforts to implement the principles and recommendations contained in the Plan of Action as adopted by the World Assembly on Aging.

(1) encourage Government-wide participation in implementing the recommendations of the World Assembly and planning for the scheduled review in 1985 by the United Nations on the implementation of the Vienna International Plan of Action on Aging;

(2) encourage the exchange of information and the promotion of research on aging among the States, the Federal Government, international organizations, and other nations;

## INTERNATIONAL NARCOTICS CONTROL

Sec. 1003. (a) Section 481(a) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291(a)) is amended to read as follows:

“(a)(1) It is the sense of the Congress that—

“(A) under the Single Convention on Narcotic Drugs, 1961, each signatory country has the responsibility of limiting to licit purposes the cultivation, production, manufacture, sale, and other distribution of scheduled drugs; 18 UST 1407.

“(B) the international community should provide assistance, where appropriate, to those producer and transit countries which require assistance in discharging these primary obligations;

“(C) international narcotics control programs should include, as a priority, the progressive elimination of the illicit cultivation of the crops from which narcotic and psychotropic drugs are derived, and should also include the suppression of the illicit manufacture of and traffic in narcotic and psychotropic drugs; and

“(D) effective international cooperation is necessary to control the illicit cultivation, production, and smuggling of, trafficking in, and abuse of narcotic and psychotropic drugs.

This cooperation should include the development and transmittal of plans by each signatory country to the Single Convention on Narcotic Drugs, 1961, in which illicit narcotics and psychotropic crop cultivation exists, which would advise the International Narcotics Control Board, the United Nations Commission on Narcotic Drugs, and the international community of the strategy, programs, and timetable such country has established for the progressive elimination of that cultivation.

“(2) In order to promote such cooperation, the President is authorized to conclude agreements with other countries to facilitate control of the production, processing, transportation, and distribution of narcotics analgesics, including opium and its derivatives, other narcotic and psychotropic drugs, and other controlled substances.

“(3) Notwithstanding any other provision of law, the President is authorized to furnish assistance to any country or international organization, on such terms and conditions as he may determine, for the control of narcotic and psychotropic drugs and other controlled substances.”

(b) Section 481 of such Act (22 U.S.C. 2291) is amended by striking out subsection (e) and inserting in lieu thereof the following:

“(e)(1) Not later than February 1 of each year, the President shall transmit to the Speaker of the House of Representatives, and to the Committee on Foreign Relations of the Senate, a report on United States policy to establish and encourage an international strategy to prevent the illicit cultivation and manufacture of and traffic in narcotic and psychotropic drugs and other controlled substances.

“(2)(A) Each report pursuant to this subsection shall describe the policies adopted, agreements concluded, and programs implemented by the Department of State in pursuit of its delegated responsibilities for international narcotics control, including policy development, bilateral and multilateral funding and other support for international narcotics control projects, representations of the United States Government to international organizations and agencies concerned with narcotics control, training of foreign enforcement personnel, coordination of the international narcotics control

activities of United States Government agencies, and technical assistance to international demand reduction programs.

“(B) Each such report shall also describe the activities of the United States in international financial institutions to combat the entry of illicit narcotic and psychotropic drugs and other controlled substances into the United States.

“(C) Each such report shall describe the activities for the fiscal year just ended, for the current fiscal year, and for the next fiscal year.

Identification of  
illicit drug  
producing  
countries.

“(3) Each such report shall identify those countries which are the significant direct or indirect sources of illicit narcotic and psychotropic drugs and other controlled substances significantly affecting the United States. For each such country, each report shall include the following:

“(A) A detailed status report, with such information as can be reliably obtained, on the illicit narcotic or psychotropic drugs or other controlled substances which are being cultivated, produced, or processed in or transported through such country, noting significant changes in conditions, such as increases or decreases in the illicit cultivation and manufacture of and traffic in such drugs and substances.

“(B) A description of the assistance under this chapter and the other kinds of United States assistance which such country received in the preceding fiscal year, which are planned for such country for the current fiscal year, and which are proposed for such country for the next fiscal year, with an analysis of the impact that the furnishing of each such kind of assistance has had or is expected to have on the illicit cultivation and manufacture of and traffic in narcotic and psychotropic drugs and other controlled substances in such country.

“(C) A description of the plans, programs, and timetables adopted by such country for the progressive elimination of the illicit cultivation of narcotic and psychotropic drugs and other controlled substances, and a discussion of the adequacy of the legal and law enforcement measures taken and the accomplishments achieved in accord with these plans.

U.S. assistance.

“(4) In addition, each report pursuant to this subsection shall include, for each major illicit drug producing country for which the President is proposing to furnish United States assistance for the next fiscal year, a determination by the President of the maximum reductions in illicit drug production which are achievable during the next fiscal year. Such determination shall be based upon (A) the measures which the country is currently taking, and the measures which the country has planned for the next fiscal year, in order to prevent narcotic and psychotropic drugs and other controlled substances from being cultivated, produced, or processed illicitly, in whole or in part in such country, from being transported through such country to United States Government personnel or their dependents, or from entering the United States unlawfully, and (B) the other information provided pursuant to this subsection.

“(5) For each major illicit drug producing country which received United States assistance for the preceding fiscal year, each report pursuant to this subsection shall set forth the actual reductions in illicit drug production achieved by that country during such fiscal year.

Consultations.

“(f) As soon as possible after the transmittal of the report required by subsection (e), the designated representatives of the President

shall initiate appropriate consultations with members of the Committee on Foreign Relations of the Senate and members of the Committee on Foreign Affairs of the House of Representatives. Such consultations shall include in-person discussions by designated representatives of the President (including the Assistant Secretary of State for International Narcotics Control and appropriate representatives of the Department of Health and Human Services, the Department of the Treasury, the Department of Defense, the Department of Justice, and the Agency for International Development) to review the worldwide illicit drug production situation and the role that United States assistance to major illicit drug producing countries, and United States contributions to international financial institutions, have in combating the entry of illicit narcotic and psychotropic drugs and other controlled substances into the United States. Such consultation shall include, with respect to each major illicit drug producing country for which the President is proposing to furnish United States assistance for the next fiscal year, the furnishing of—

“(1) a description of the nature of the illicit drug production problem;

“(2) an analysis of the climatic, geographic, political, economic, and social factors that affect the illicit drug production;

“(3) a description of the methodology employed to determine the maximum achievable reductions in illicit drug production described pursuant to subsection (e)(4); and

“(4) an analysis of any additional United States assistance that would be required to achieve those reductions.

The chairman of the Committee on Foreign Relations and the chairman of the Committee on Foreign Affairs shall each cause the substance of each consultation to be printed in the Congressional Record.

Publication in  
Congressional  
Record.

“(g) After consultations have been initiated pursuant to subsection (f), the Committee on Foreign Relations and the Committee on Foreign Affairs should hold a hearing to review the report submitted pursuant to subsection (e), especially the determinations described in subsection (e)(4). The hearing shall be open to the public unless the committee determines, in accordance with the rules of its House, that the hearing should be closed to the public.

Hearing.

“(h)(1) If the President determines that a major illicit drug producing country has failed to take adequate steps to prevent narcotic and psychotropic drugs and other controlled substances produced or processed, in whole or in part, in such country or transported through such country, from being sold illegally within the jurisdiction of such country to United States Government personnel or their dependents or from being smuggled into the United States—

Suspension of  
U.S. assistance.

“(A) the President shall suspend United States assistance to or for such country; and

“(B) the Secretary of the Treasury shall instruct the United States Executive Director of the International Bank for Reconstruction and Development, the United States Executive Director of the International Development Association, the United States Executive Director of the Inter-American Development Bank, and the United States Executive Director of the Asian Development Bank, to vote against any loan or other utilization of the funds of their respective institution to or for such country.

“(2) In determining whether adequate steps have been taken, the President shall give foremost consideration to whether the actions of the government of the country have resulted in the maximum reductions in illicit drug production which were determined to be achievable pursuant to subsection (e)(4). The President shall also consider whether such government has taken the legal and law enforcement measures to enforce in its territory, to the maximum extent possible, the elimination of illicit cultivation and the suppression of illicit manufacture of and traffic in narcotic and psychotropic drugs and other controlled substances, as evidenced by seizures of such drugs and substances and of illicit laboratories and the arrest and prosecution of violators involved in the traffic in such drugs and substances significantly affecting the United States.

Report to  
Congress.

“(3) If assistance to a country is suspended pursuant to this subsection, such suspension shall continue in force until the President determines, and reports to the Congress in writing, that the government of such country has taken the adequate steps described in paragraph (2) of this subsection, including—

“(A) having prepared, presented, and committed itself to a plan providing for the control, reduction, and gradual elimination of the illicit cultivation, production, processing, transportation, and distribution of narcotic and psychotropic drugs and other controlled substances within an explicitly stated period of time, with implementation commencing prior to the resumption of United States assistance to or for such country and prior to approval by the United States of the extension of any loan or the furnishing of any financial or technical assistance by any international financial institution to such country; and

“(B) having taken legal and law enforcement measures to enforce effective suppression of the illicit cultivation, production, processing, transportation, and distribution of narcotic and psychotropic drugs and other controlled substances.

Definitions.

“(i) As used in this section—

## RAOUL WALLENBERG AND JAN KAPLAN

**SEC. 1006.** (a) The Congress finds that—

(1) the Soviet Union arrested one of the great heroes of modern times in 1945 when they arrested Raoul Wallenberg;

(2) Raoul Wallenberg was a Swedish diplomat who, at great personal risk, had acted to save hundreds of thousands of Hungarian Jews from the Nazi Holocaust;

(3) Raoul Wallenberg took these actions as a humanitarian and with the knowledge, consent, and financial assistance of the United States Government;

(4) Raoul Wallenberg has recently been made an honorary citizen of the United States;

(5) the Soviet Union has changed their story a number of times about the whereabouts of Raoul Wallenberg;

(6) the most recent position of the Soviet Union is that he died in 1947;

(7) there are many eyewitnesses who have testified that they saw Raoul Wallenberg in Russian prisons and hospitals in the decades since the 1940's;

(8) one of the most recent eyewitnesses was Jan Kaplan, a Russian refusnik who shortly after his release from a Soviet jail in 1977, phoned his daughter, Doctor Anna Bilder, in Israel and reported that he had met a Swede in prison who had survived thirty years in the Gulag;

(9) during the next two years, Anna Bilder received no further word from or about her father;

(10) in July 1977, Jan Kaplan's wife smuggled a letter to Doctor Bilder informing her that Jan Kaplan had been rearrested because of a letter he had tried to smuggle to her about Raoul Wallenberg;

(11) in 1980, the Swedish Government sent an official request to interview Jan Kaplan;

(12) the Soviets made no response to this request;

(13) the whereabouts of Jan Kaplan are not known; and

(14) Jan Kaplan could provide valuable information about Raoul Wallenberg.

(b) It is the sense of the Congress that the President, acting directly or through the Secretary of State, should take all possible

steps at all appropriate times to ascertain the whereabouts of Jan Kaplan and to request an interview with him in order to learn more concerning the whereabouts of Raoul Wallenberg.

**POLICY TOWARD THE EXPORT OF NUCLEAR-RELATED EQUIPMENT, MATERIALS, OR TECHNOLOGY TO INDIA, ARGENTINA, AND SOUTH AFRICA**

SEC. 1007. (a) It is the sense of Congress that the United States Government should disapprove the export of, and should suspend or revoke approval for the export of, any nuclear-related equipment, material, or technology, including nuclear components and heavy water, to the Government of India, Argentina, or South Africa until such time as such government gives the Government of the United States stronger nuclear nonproliferation guarantees. Such guarantees should include—

(1) reliable assurances by such government that it is not engaged in any program leading to the development, testing, or detonation of nuclear explosive devices; and

(2) agreement by such government to accept international safeguards on all its nuclear facilities.

(b) If the President determines, in the case of India's Tarapur reactor, while it is under International Atomic Energy Agency inspection, that certain equipment or nonnuclear material or technology is necessary for humanitarian reasons to protect the health and safety of operations and is not available from a foreign supplier, the President may authorize the export of such equipment or non-nuclear material or technology.

**ACID RAIN**

SEC. 1008. (a) The Congress finds the following:

(1) Acid deposition, commonly known as "acid rain" is believed to have caused serious damage to the natural environment in large parts of Canada and the United States and has raised justified concerns among citizens of both countries.

(2) Acid rain is believed to have caused billions of dollars of damage annually to both natural and manmade materials. It damages crops and the forests which support 25 per centum of the Canadian economy and much of our own. It threatens marine life in fresh water lakes, rivers, and streams.

(3) The principal sources of acid rain are believed to be emissions resulting from power generation, industrial production, mineral smelters, and automobile transportation which originate in both the United States and Canada and which affect the environment of the other.

(4) Section 612 of the Foreign Relations Authorization Act, fiscal year 1979, called upon the President to "make ever effort to negotiate a cooperative agreement with the Government of Canada aimed at preserving the mutual airshed of the United States and Canada so as to protect and enhance air resources".

(5) On August 5, 1980, the Governments of Canada and the United States signed a Memorandum of Intent committing both parties "to develop a bilateral agreement which will reflect and further the development of effective domestic control programs and other measures to combat transboundary air pollution," and, as an interim action, committing both parties to "promote

42 USC 7415  
note.

vigorous enforcement of existing laws and regulations” and “to develop domestic air pollution control policies and strategies, and as necessary and appropriate, seek legislative or other support to give effect to them”.

(6) The Government of Canada has made a formal offer to reduce eastern emissions of sulfur dioxide by 50 per centum by 1990 should the United States make a comparable commitment.

(7) Both the United States and Canada have taken steps to reduce transboundary pollutants. Present United States air emission standards are the most stringent in the world. In the past decade, the United States has reduced sulfur dioxide emissions by 15 per centum. However, the failure of the United States to respond in a timely manner to concerns about transboundary air pollution would harm the historically close relations between the United States and Canada.

(8) The strategies and techniques adopted to control air pollution emissions should weigh heavily the employment and other economic effects on employment in the United States and Canada of the acid precipitation, electricity generation, manufacture, distribution and installation of pollution control equipment, and any curtailment of emission producing industrial activity.

(b) It is therefore the sense of the Congress that the President should—

(1) respond constructively to the Canadian offer on air pollution emissions;

(2) proceed to negotiate as expeditiously as possible a bilateral agreement with Canada providing for significant reductions in transboundary air pollution while keeping economic dislocations in both countries to the minimum possible; and

(3) consider prompt initiation of a joint Government-supported program to develop new cost-effective technologies that will facilitate reduction of sulfur dioxide emissions and other copollutants;

(4) instruct the Secretary of State to report to the Congress no later than December 1, 1983, on the progress toward achieving a new transboundary air pollution agreement, including a cooperative program on new technologies.

Report to  
Congress.

#### INTERNATIONAL AGREEMENTS ON NATURAL GAS

SEC. 1009. (a) The Congress finds that—

(1) the foreign policy and economic well-being of the United States depend on mutually beneficial relationships with our trading partners throughout the world;

(2) America's present economic difficulties have been caused in part by the huge increases in the price of energy, especially imported energy, during the 1970's;

(3) at a time when prices for other forms of energy are stabilizing or falling, the burner-tip price of natural gas continues to rise throughout the United States;

(4) the high price of natural gas is a severe hardship for low-income persons, the elderly, the agricultural industry, small businesses, and other consumers without alternative fuel sources;

(5) high-priced imported natural gas is a major factor contributing to these price increases;

(6) imports of high-priced natural gas continue at prices above fair market levels, despite the increased availability of uncommitted and ample supplies of lower priced domestic gas;

(7) it is in the interest of the United States to continue to import natural gas from secure sources in whatever quantity consumers require, as long as the price is fair;

(8) the principles of free and fair international trade require that natural gas prices and terms of trade be made fair to all trading partners; and

(9) the immediacy of this problem requires the prompt and serious attention of all parties involved.

(b) It is the sense of the Congress that—

(1) the United States Government should move immediately to promote lower prices and fair market conditions for imported natural gas; and

(2) within thirty days after the date of enactment of this section, the Secretary of State, with the assistance of the Secretary of Energy, should prepare and transmit to the Congress a report on the progress made in achieving lower prices and fair market conditions for imported natural gas.

Report to  
Congress.

#### PREPUBLICATION REVIEW OF WRITINGS OF FORMER FEDERAL EMPLOYEES

SEC. 1010. The head of a department or agency of the Government may not, before April 15, 1984, enforce, issue, or implement any rule, regulation, directive, policy, decision, or order which (1) would require any officer or employee to submit, after termination of employment with the Government, his or her writings for prepublication review by an officer or employee of the Government, and (2) is different from the rules, regulations, directives, policies, decisions, or orders (relating to prepublication review of such writings) in effect on March 1, 1983.

#### ELIMINATION AND MODIFICATION OF REPORTS

SEC. 1011. (a) The following provisions are repealed:

(1) Section 126(c) of the Foreign Relations Authorization Act, fiscal year 1979 (22 U.S.C. 2691 note).

(2) Section 405(b) of the Foreign Relations Authorization Act, fiscal year 1979 (22 U.S.C. 1048 note).

(3) Section 12(d) of the Taiwan Relations Act (22 U.S.C. 3311(d)).

(4) Section 4 of the Act of November 13, 1979 (Public Law 96-110; 93 Stat. 844). Repeal.

(5) Section 109(a)(7) of the Foreign Relations Authorizations Act, fiscal year 1978 (22 U.S.C. 2384 note).

(b) Section 412(b)(1)(B) of the Immigration and Nationality Act (8 U.S.C. 1522(b)(1)(B)) is amended—

(1) by striking out the first sentence; and

(2) by striking out “after such study” in the second sentence.

**EXTENDED VOLUNTARY DEPARTURE STATUS FOR CERTAIN EL  
SALVADORANS**

**SEC. 1012. (a)** The Congress finds that—

(1) ongoing fighting between the military forces of the Government of El Salvador and opposition forces is creating potentially life-threatening situations for innocent nationals of El Salvador;

(2) thousands of El Salvadoran nationals have fled from El Salvador and entered the United States since January 1980;

(3) currently the United States Government is detaining these nationals of El Salvador for the purpose of deporting or otherwise returning them to El Salvador, thereby irreparably harming the foreign policy image of the United States;

(4) deportation of these nationals could be temporarily suspended, until it became safe to return to El Salvador, if they are provided with extended voluntary departure status; and

(5) such extended voluntary departure status has been granted in recent history in cases of nationals who fled from Vietnam, Laos, Iran, and Nicaragua.

**(b)** Therefore, it is the sense of the Congress that—

(1) the Secretary of State should recommend that extended voluntary departure status be granted to aliens—

(A) who are nationals of El Salvador,

(B) who have been in the United States since before January 1, 1983,

(C) who otherwise qualify for voluntary departure (in lieu of deportation) under section 242(b) or 244(e) of the Immigration and Nationality Act (8 U.S.C. 1252(b) and 1254(e)), and

(D) who were not excludable from the United States at the time of their entry on any ground specified in section 212(a) of the Immigration and Nationality Act (8 U.S.C. 1182(a)) other than the grounds described in paragraphs (14), (15), (20), (21), and (25); and

(2) such status should be granted to those aliens until the situation in El Salvador has changed sufficiently to permit their safely residing in that country.

**EXPEDITED PROCEDURES FOR CERTAIN JOINT RESOLUTIONS AND BILLS**

50 USC 1546a.

**SEC. 1013.** Any joint resolution or bill introduced in either House which requires the removal of United States Armed Forces engaged in hostilities outside the territory of the United States, its possessions and territories, without a declaration of war or specific statutory authorization shall be considered in accordance with the procedures of section 601(b) of the International Security Assistance

and Arms Export Control Act of 1976, except that any such resolution or bill shall be amendable. If such a joint resolution or bill should be vetoed by the President, the time for debate in consideration of the veto message on such measure shall be limited to twenty hours in the Senate and in the House shall be determined in accordance with the Rules of the House. 90 Stat. 765.

(2)(A) Notwithstanding any other provision of law, the interim covered service of such covered employee shall be considered—

(i) in determining entitlement to and computing the amount of an annuity (other than a disability or survivor annuity) commencing under a covered retirement system during the period beginning January 1, 1984, and ending on the earlier of the date a new Government retirement system takes effect or January 1, 1986, by reason of the retirement of such covered employee during such period only if such covered employee makes a deposit to the credit of such covered retirement system for such covered service in an amount computed as provided in subsection (f); and

(B) Notwithstanding any other provision of law, an annuity to which subparagraph (A)(ii) applies shall be reduced by the portion of the amount of any benefits which is payable under title II of the Social Security Act and is attributable to the interim covered service considered in computing the amount of such annuity, as determined under subsection (g), unless, in the case of a survivor annuity, a covered employee has made a deposit with respect to such covered service for the purposes of subparagraph (A)(i) before the date on which payment of such annuity commences. 42 USC 401.

TITLE I—DAIRY

SHORT TITLE

SEC. 101. This title may be cited as the "Dairy Production Stabilization Act of 1983".

Subtitle A—Dairy Stabilization Program

DAIRY PRODUCTION STABILIZATION

SEC. 102. (a) Section 201(d) of the Agricultural Act of 1949 (7 U.S.C. 1446(d)) is amended to read as follows:

"(d) Notwithstanding any other provision of law—

*Supra.*

"(1)(A) Effective for the period beginning with the date of enactment of the Dairy Production Stabilization Act of 1983 and ending on the last day of the month of enactment of such Act, the price of milk shall be supported at a rate equivalent to \$13.10 per hundredweight for milk containing 3.67 per centum milkfat.

"(B) Effective for the period beginning on the first day of the first calendar month following the date of enactment of the Dairy Production Stabilization Act of 1983 and ending on September 30, 1985, the price of milk shall be supported at a rate equivalent to \$12.60 per hundredweight for milk containing 3.67 per centum milkfat, except that—

"(i) on April 1, 1985, if the Secretary estimates that for the twelve-month period beginning on such date net price support purchases of milk or the products of milk would be in excess of six billion pounds milk equivalent, the Secretary may reduce the price support rate in effect on such date in the amount of 50 cents per hundredweight; and

"(ii) on July 1, 1985—

"(I) if the Secretary estimates that for the twelve-month period beginning on such date net price support purchases of milk or the products of milk would be in excess of five billion pounds milk equivalent, the Secretary may reduce the price support rate in effect on such date in the amount of 50 cents per hundredweight; or

"(II) if the Secretary estimates that for the twelve-month period beginning on such date net price support

purchases of milk or the products of milk would be five billion pounds milk equivalent or less and if the Secretary determines it necessary in order to assure an adequate supply of pure and wholesome milk to meet current needs, the Secretary may increase the price support rate in effect on such date in an amount not less than 50 cents per hundredweight.

“(C) The price of milk shall be supported through the purchase of milk and the products of milk.

“(2)(A)(i) Effective for the period beginning with the first day of the first calendar month following the date of enactment of the Dairy Production Stabilization Act of 1983 and ending on March 31, 1985, to encourage the adjustment of milk production to levels consistent with the national demand for milk and the products of milk, the Secretary shall provide for a reduction of 50 cents per hundredweight to be made in the price received on all milk produced in the United States and marketed by producers for commercial use.

*Ante*, p. 1128.

“(ii) Effective for the period beginning with the date of enactment of the Dairy Production Stabilization Act of 1983 and ending on the last day of the month of enactment of such Act, the provisions of paragraphs (2) through (7) of subsection (d) of this section, as in effect on the day immediately prior to the date of enactment of the Dairy Production Stabilization Act of 1983, shall be applicable to all milk produced in the United States and marketed by producers for commercial use. Enactment of the Dairy Production Stabilization Act of 1983 shall not affect in any manner the collection or enforcement of any deduction from the price of milk previously implemented by the Secretary under this subsection as in effect for any milk marketed for commercial use prior to the effective date of the reduction provided for in this paragraph, as added by section 102(a) of the Dairy Production Stabilization Act of 1983.

“(B) The funds represented by the reduction in the price required to be applied to the marketings of milk by a producer under subparagraph (A) shall be collected and remitted to the Commodity Credit Corporation, at such time and in such manner as prescribed by the Secretary, by each person making payment to a producer for milk purchased from the producer, except that in the case of a producer who markets milk of the producer's own production directly to consumers, such funds shall be remitted directly to the Corporation by the producer.

Commodity  
Credit  
Corporation,  
collection of  
funds.

“(C) To the extent that funds collected under this paragraph are inadequate to make the payments to producers who reduce marketings under paragraph (3), such payments shall be made using funds otherwise available to the Corporation. The funds remitted to the Corporation under this paragraph shall be considered as included in the payments to a producer of milk for purposes of the minimum price provisions of the Agricultural Adjustment Act of 1933, as reenacted and amended by the Agricultural Marketing Agreement Act of 1937.

7 USC 601 note.  
7 USC 674.

“(3)(A) The Secretary shall, not later than January 1, 1984, provide for a milk diversion program under which the Secretary shall offer to enter into a contract, at any time up to February 1, 1984, with any producer of milk in the United States for the purpose of reducing the quantity of milk marketed by the producer for commercial use during the fifteen-month period

program.

plan, submittal  
to Secretary.

beginning on January 1, 1984. Each producer of milk in the United States seeking to enter into a contract for diversion payments under this paragraph shall, prior to entering into such contract, provide the Secretary with a plan that (i) describes the manner in which the producer intends to achieve the reduction in milk marketings that would be required under such contract, and (ii) includes an estimate by the producer of the amount of such reduction which the producer intends to achieve through increased slaughter of dairy cattle (including the approximate number of dairy cattle that will be sold for slaughter during each month of the contract). In setting the terms and conditions of such contracts, the Secretary shall take into account any adverse impact of the reductions in milk production on beef, pork, and poultry producers in the United States and shall take all feasible steps to minimize such impact.

Contract  
requirements.

“(B) Each such contract shall require that—

“(i) the producer shall reduce the quantity of milk marketed for commercial use in an amount equal to a percentage specified by the producer, but not less than 5 per centum nor more than 30 per centum, of the quantity of milk marketed by such producer for commercial use during the marketing history period described in subparagraph (F);

“(ii) any production capacity of a facility that becomes available for use because a producer reduces milk production in order to comply with the contract shall not be used by the producer, or made available by the producer for use by any other person, for the production of milk;

“(iii) any dairy cattle that would or could have been used by the producer for the production of milk if the producer had not entered into and complied with such contract shall not have been sold, leased, or otherwise transferred to another person after November 8, 1983, except as permitted by the Secretary up to the date of enactment of the Dairy Production Stabilization Act of 1983 in order to further the purposes of this Act, or unless such cattle are sold for slaughter or sold or transferred to another producer with respect to whom there is in effect a contract entered into under this subsection, except that the Secretary may, to the extent practicable and to the extent deemed consistent with the goals of the diversion program, permit the sale of registered, purebred cattle for breeding purposes subject to such terms and conditions as the Secretary may prescribe based on a history of such sales by the producer or the sale or transfer of any dairy cattle if the Secretary determines that such sale or transfer does not result in adversely affecting the purpose of the program; and

*Ante*, p. 1128.

Payment.

“(iv) the producer shall repay to the Secretary the entire payment received under this paragraph, including simple interest payable at a rate prescribed by the Secretary which shall, to the extent practicable, reflect the cost to the Corporation of its borrowings from the United States Treasury, commencing on the date payment is first received under this paragraph, if the producer fails to comply with such contract.

“(C) Except as provided in subparagraph (D), the Secretary shall pay to a producer who complies with a contract, entered into under this paragraph, an amount equal to the product of

\$10 per hundredweight and the amount, measured in hundredweights, by which the quantity of milk marketed by such producer for commercial use during the period specified in such contract is less than the quantity of milk marketed by such producer for commercial use during the marketing history period.

“(D) No payment may be made under subparagraph (C) to a producer with respect to—

Payment  
restrictions.

“(i) any reduction in the quantity of milk marketed by the producer for commercial use that exceeds the lesser of 30 per centum of the aggregate quantity of milk marketed by the producer for commercial use during the producer’s marketing history period, or the sum of—

“(I) the reduction in the quantity of milk marketed for commercial use required under the provisions of the contract the producer has entered into under this paragraph, after any adjustment by the Secretary under subparagraph (E); and

“(II) 3 per centum of the quantity of milk marketed by the producer for commercial use during such producer’s marketing history period;

“(ii) any reduction in the quantity of milk marketed by the producer for commercial use if such reduction is less than the larger of 5 per centum of the aggregate quantity of milk marketed by the producer for commercial use during the producer’s marketing history period, or the difference between—

“(I) the reduction in the quantity of milk marketed for commercial use required under the provisions of the contract the producer has entered into under this paragraph, after any adjustment by the Secretary under subparagraph (E); and

“(II) 3 per centum of the quantity of milk marketed by the producer for commercial use during such producer’s marketing history period;

“(iii) except as provided in subparagraph (H), any reduction in the quantity of milk marketed for commercial use by a producer who, as determined by the Secretary, was not actively engaged in the production of milk for commercial use as of the date of enactment of the Dairy Production Stabilization Act of 1983; and

*Ante*, p. 1128.

“(iv) any reduction in the quantity of milk marketed for commercial use by a producer who violates any requirement specified in this paragraph.

“(E) The Secretary may, in accordance with such rules or procedures as prescribed by the Secretary, modify contracts entered into under this paragraph if the Secretary determines that, as a result of contracts entered into under this paragraph, (i) there would be an excessive reduction in the level of milk production in the United States, or (ii) there has been a substantial hardship to producers of beef cattle, dairy cattle, hogs, or poultry sold for slaughter. If, under the provisions of clause (ii), the Secretary should specify a reduction in marketings in any quarter that is less than the percentage specified in the contract, such modification shall not be so great as to require the producer to make a reduction in excess of 150 per centum of the reduction required by the contract in any succeeding quarter:

Contract  
modification.

*Provided*, That after making any adjustments in milk marketed for commercial use in any period of the contract, except to the extent required by the foregoing provisions of this sentence, the aggregate reduction in milk marketed for commercial use for the entire diversion period must continue to be at least equal to the total reduction required by the contract. In the event of a modification, under clause (i) of this subparagraph, the Secretary may reduce the required reduction among all contracts on such basis as the Secretary determines will serve to reduce future dairy surpluses. In no event shall any reduction under this paragraph be apportioned on the basis of geographic region or area.

Diversion  
payments.

Marketing  
history.

“(F) Any producer of milk in the United States seeking to enter into a contract for diversion payments under this paragraph shall provide the Secretary with evidence of such producer’s marketing history. The marketing history shall be the marketings of milk by such producer for commercial use during calendar year 1982 (with production during the January through March quarter to be counted by the Secretary as corresponding to both the first and the last quarters of the fifteen-month diversion contract) or, at the option of the producer, the average marketings of milk by the producer during calendar years 1981 and 1982 (with production during the January through March quarter of each such year to be counted by the Secretary as corresponding to both the first and last quarters of the fifteen-month diversion contract). The producer’s marketing history may be adjusted as the Secretary determines necessary to correct for abnormally low production resulting from a natural disaster or other condition beyond the control of the producer or such other factors as the Secretary determines necessary to provide a fair and equitable marketing history.

“(G) No marketing history shall be assigned to any producer who commenced marketing of milk after December 31, 1982, except as provided in subparagraph (H).

“(H) A producer’s marketing history established under this paragraph shall not be transferable to any other person, unless the entire milk production facility used by the producer to produce milk for commercial use during the marketing history period and the producer’s entire dairy herd were transferred by reason of the death of the producer, by reason of a gift from the producer, or to a member or members of the family of the producer. The term ‘member of the family of the producer’ means (i) an ancestor of the producer, (ii) the spouse of the producer, (iii) a lineal descendant of the producer, or the producer’s spouse, or a parent of the producer, or (iv) the spouse of any such lineal descendant.

“Member of the  
family of the  
producer.”

“(I) Eligibility for diversion payments shall be determined on the basis of the marketing history provided for in subparagraph (F).

“(J)(i) Producers eligible for diversion payments shall apply for such payments at the end of each quarter. Payment may be made to any producer who can establish that marketings of milk by such producer for commercial use have been reduced from the level of marketings during the corresponding period of the marketing history period in an amount as specified by the Secretary for each quarter in the contract: *Provided*, That the aggregate quantity of such reductions for the entire diversion

period must be at least equal to the total reduction required by the contract. Prior to approving such payment, the Secretary shall require evidence that such reduction in marketings has taken place. As part of such evidence, the producer shall certify, in a form specified by the Secretary, that such reduction is a net decrease in marketings of milk for commercial use and has not been offset by expansion of production in other production facilities in which the producer has an interest, or by transfer of partial interest in the production facility, or by employment of such other scheme or device to qualify for payment for which such producer would otherwise not be eligible.

Certification of  
reduction.

“(ii) Payments made under this paragraph during the contract period shall be considered preliminary settlements for reductions in marketings. A final settlement shall be made following the end of the contract period and shall be based on the volume of marketings for the entire contract period. If, based on total marketings for the contract period, it is determined that preliminary settlements have resulted in overpayments to the producer, the Secretary shall recover such overpayments from such producer.

Settlement.

Overpayment  
recovery.

“(K) Application for payment shall be made by producers through the county committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act.

“(L) A producer may assign a contract entered into under this paragraph only if—

16 USC 590h.

Contract  
assignment.

“(i) the producer’s interest in the entire milk production facility and the entire dairy herd used by the producer to produce milk for commercial marketings have been transferred as a unit to the person to whom the assignment is to be made;

“(ii) the assignee is a person to whom the producer’s marketing history may be transferred under subparagraph (H);

“(iii) the producer and the assignee agree in writing that the assignee shall succeed to all rights and liabilities of the producer under the contract; and

“(iv) a copy of such writing is submitted to the Secretary before the transfer occurs.

“(M) A contract entered into under this paragraph by a producer who by reason of death cannot perform or assign such contract may be performed or assigned, in accordance with subparagraph (L), by the estate of such producer.

“(N) If the provisions for reductions in the price received for milk marketed for commercial use as provided for in paragraph (2) are held to be invalid by any court, or the Secretary is restrained or enjoined by any court from implementing such provisions, the Secretary shall immediately suspend making any diversion payments under this paragraph for the period beginning with the date of such court action and shall resume making such payments only if such court action is overruled, stayed, or terminated.

Payment  
suspension.

“(O) If the Secretary determines that there has been a marked deviation in the composition of milk marketed for commercial use by a producer from that of such producer’s marketings during the marketing history period, an adjustment as determined appropriate by the Secretary shall be made in

Payment  
adjustment.

the producer's diversion payments to reflect the composition of milk marketed during the marketing history period.

Records and  
reports.

Investigations.

U.S. courts,  
assistance.

"(4) Each producer who markets milk and each person required to make payment to the Corporation under this subsection shall keep such records and make such reports, in such manner, as the Secretary determines necessary to carry out this subsection. The Secretary may make such investigations as the Secretary deems necessary for the effective administration of this subsection or to determine whether any person subject to the provisions of this subsection has engaged or is engaged or is about to engage in any act or practice that constitutes or will constitute a violation of any provision of this subsection or regulation issued under this subsection. For the purpose of such investigation, the Secretary may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any records that are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of records. Such court may issue an order requiring such person to appear before the Secretary to produce records or to give testimony on the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district of which such person is an inhabitant or wherever such person may be found.

"(5)(A) The district courts of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain any person from violating, any provision of this subsection or any regulation issued under this subsection. Any such civil action authorized to be brought under this subsection shall be referred to the Attorney General for appropriate action. The Secretary is not required, however, to refer to the Attorney General minor violations of this subsection whenever the Secretary believes that the administration and enforcement of this subsection would be adequately served by suitable written notice or warning to any person committing such violation.

Penalties.

"(B) Each person (i) as to whom there is a failure to make a reduction in the price of milk received by such person as required by paragraph (2), (ii) who fails to remit to the Corporation the funds required to be collected and remitted by paragraph (2)(B), or (iii) who fails to make the reduction in marketings required by a contract under paragraph (3) shall be liable, in addition to any amount due, to a marketing penalty at a rate equal to the support price for milk in effect at the time the failure occurs on the quantity of milk as to which the failure applies. The Secretary may reduce any such marketing penalty in such amount as the Secretary determines equitable in any case in which the Secretary determines that the failure was unintentional or without knowledge on the part of the person concerned. Each person who knowingly violates any other provi-

sion of this subsection, or any regulation issued under this subsection, shall be liable for a civil penalty of not more than \$1,000 for each such violation. Any penalty provided for under this subparagraph shall be assessed by the Secretary after notice and opportunity for a hearing.

“(C) Any person against whom a penalty is assessed under subparagraph (B) may obtain review of such penalty in an appropriate district court of the United States by filing a civil action in such court not later than thirty days after such penalty is imposed. The Secretary shall promptly file in such court a certified copy of the record upon which the penalty is based. The findings of the Secretary may be set aside only if found to be unsupported by substantial evidence. Penalty review.

“(D) The district courts of the United States shall have jurisdiction to review and enforce any penalty imposed under subparagraph (B). Enforcement.

“(E) The remedies provided in this paragraph shall be in addition to, and not exclusive of, other remedies that may be available.

“(F) In carrying out this subsection, the Secretary may, as the Secretary deems appropriate—

“(i) use the services of State and county committees established under section 8(b) of the Soil Conservation and Domestic Allotment Act; and 16 USC 590h.

“(ii) enter into agreements to use, on a reimbursable or nonreimbursable basis, the services of administrators of Federal milk marketing orders and State milk marketing programs.

“(6) The term ‘United States’ as used in paragraphs (2) and (3) of this subsection means the forty-eight contiguous States in the continental United States.” “United States.”

(b) The Secretary of Agriculture shall implement the provisions of section 201(d) of the Agricultural Act of 1949, as amended by subsection (a) of this section, without regard to the provisions requiring notice and other procedures for public participation in rulemaking contained in section 553 of title 5, United States Code, or in any directive of the Secretary. 7 USC 1446 note.  
7 USC 1446.

(1) the Secretary of Agriculture shall, to the maximum extent practicable, use funds available for the purposes of clause (2) of section 32 of Public Law No. 320, 74th Congress (7 U.S.C. 612c) and other funds available to the Secretary under the commodity distribution and other nutrition programs of the Department of Agriculture to increase the use of beef and pork for such purposes;

(5) dairy products move in interstate and foreign commerce, and dairy products that do not move in such channels of commerce directly burden or affect interstate commerce of dairy products.

(b) It, therefore, is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided herein, of an orderly procedure for financing (through assessments on all milk produced in the United States for commercial use) and carrying out a coordinated program of promotion designed to strengthen the dairy industry's position in the marketplace and to maintain and expand domestic and foreign markets and uses for fluid milk and dairy products produced in the United States. nominations submitted by eligible organizations certified under section 114 of this subtitle, or, if the Secretary determines that a substantial number of milk producers are not members of, or their interests are not represented by, any such eligible organization, then from nominations made by such milk producers in the manner authorized by the Secretary. In making such appointments, the Secretary shall take into account, to the extent practicable, the geographical distribution of milk production volume throughout the United States. In determining geographic representation, whole States shall be considered as a unit. A region may be represented by more than one director and a region may be made up of more than one State. The term of appointment to the Board shall be for three years with no member serving more than two consecutive terms, except that initial appointments shall be proportionately for one-year, two-year, and three-year terms. The Board shall appoint from its members an executive committee whose membership shall equally reflect each of the different regions in the United States in which milk is produced. The executive committee shall have such duties and powers as are conferred upon it by the Board. Board members shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in performing their duties as members of the Board including a per diem allowance as recommended by the Board and approved by the Secretary.

## Executive committee.

(d) The order shall provide that the Board shall develop and submit to the Secretary for approval any promotion, research, or nutrition education plan or project and that any such plan or project must be approved by the Secretary before becoming effective.

## Agreements.

(f) The order shall provide that the Board, with the approval of the Secretary, may enter into agreements for the development and conduct of the activities authorized under the order as specified in subsection (a) and for the payment of the cost thereof with funds collected through assessments under the order. Any such agreement shall provide that (1) the contracting party shall develop and submit to the Board a plan or project together with a budget or budgets that shall show estimated costs to be incurred for such plan or project, (2)

the plan or project shall become effective upon the approval of the Secretary, and (3) the contracting party shall keep accurate records of all of its transactions, account for funds received and expended, and make periodic reports to the Board of activities conducted, and such other reports as the Secretary or the Board may require.

(g) The order shall provide that each person making payment to a producer for milk produced in the United States and purchased from the producer shall, in the manner as prescribed by the order, collect an assessment based upon the number of hundredweights of milk for commercial use handled for the account of the producer and remit the assessment to the Board. The assessment shall be used for payment of the expenses in administering the order, with provision for a reasonable reserve, and shall include those administrative costs incurred by the Department after an order has been promulgated under this subtitle. The rate of assessment prescribed by the order shall be 15 cents per hundredweight of milk for commercial use or the equivalent thereof. A milk producer or the producer's cooperative who can establish that the producer is participating in active, ongoing qualified State or regional dairy product promotion or nutrition education programs intended to increase consumption of milk and dairy products generally shall receive credit in determining the assessment due from such producer for contributions to such programs of up to 10 cents per hundredweight of milk marketed or, for the period ending six months after the date of enactment of this Act, up to the aggregate rate in effect on the date of enactment of this Act of such contributions to such programs (but not to exceed 15 cents per hundredweight of milk marketed) if such aggregate rate exceeds 10 cents per hundredweight of milk marketed. Any person marketing milk of that person's own production directly to consumers shall remit the assessment directly to the Board in the manner prescribed by the order.

Assessments.

(h) The order shall require the Board to (1) maintain such books and records (which shall be available to the Secretary for inspection and audit) as the Secretary may prescribe, (2) prepare and submit to the Secretary, from time to time, such reports as the Secretary may prescribe, and (3) account for the receipt and disbursement of all funds entrusted to it.

All information so obtained shall be kept confidential by all officers and employees of the Department, and only such information so obtained as the Secretary deems relevant may be disclosed by them and then only in a suit or administrative hearing brought at the request of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving the order with reference to which the information to be disclosed was obtained. Nothing in this subsection may be deemed to prohibit (1) the issuance of general statements, based upon the reports, of the number of persons subject to an order or statistical data collected therefrom, which statements do not identify the information furnished by any person, or (2) the publication, by direction of the Secretary, of the name of any person violating any order, together with a statement of the particular provisions of the order violated by such person. No information obtained under the authority of this subtitle may be made available to any agency or officer of the Federal Government for any purpose other than the implementation of this subtitle and any investigatory or enforcement action necessary for the implementation of this subtitle. Any person violating the provisions of this subsection shall, upon conviction, be subject to a fine of not more than \$1,000, or to imprisonment for not more than one year, or both, and, if an officer or employee of the Board or the Department, shall be removed from office.

#### CERTIFICATION OF ORGANIZATIONS

7 USC 4505.

SEC. 114. (a) The eligibility of any organization to represent milk producers, and to participate in the making of nominations under section 113 of this subtitle shall be certified by the Secretary. The Secretary shall certify any organization that the Secretary determines meets the eligibility criteria established by the Secretary under this section and the Secretary's determination as to eligibility shall be final.

(b) Certification shall be based, in addition to other available information, on a factual report submitted by the organization, which shall contain information deemed relevant and specified by the Secretary, including, but not limited to, the following:

(1) geographic territory covered by the organization's active membership;

(2) nature and size of the organization's active membership including the proportion of the total number of active milk producers represented by the organization;

(4) sources from which the organization's operating funds are derived;

(5) functions of the organization; and

(6) the organization's ability and willingness to further the aims and objectives of this subtitle.

The primary considerations in determining the eligibility of an organization shall be whether its membership consists primarily of milk producers who produce a substantial volume of milk and whether the primary or overriding interest of the organization is in the production or processing of fluid milk and dairy products and

promotion of the nutritional attributes of fluid milk and dairy products.

#### REQUIREMENT OF REFERENDUM

SEC. 115. (a) Within the sixty-day period immediately preceding September 30, 1985, the Secretary shall conduct a referendum among producers who, during a representative period (as determined by the Secretary), have been engaged in the production of milk for commercial use for the purpose of ascertaining whether the order then in effect shall be continued. Such order shall be continued only if the Secretary determines that it has been approved by not less than a majority of the producers voting in the referendum, who during a representative period (as determined by the Secretary) have been engaged in the production of milk for commercial use. If continuation of the order is not approved by a majority of the producers voting in the referendum, the Secretary shall terminate collection of assessments under the order within six months after the Secretary determines that such action is favored by a majority of the producers voting in the referendum and shall terminate the order in an orderly manner as soon as practicable after such determination. 7 USC 4506.

(b) The Secretary shall be reimbursed from assessments collected by the Board for any expenses incurred by the Department in connection with the conduct of any referendum under this section and section 116, except for the salaries of Government employees. Expenses, reimbursement.

#### SUSPENSION AND TERMINATION OF ORDERS

SEC. 116. (a) After September 30, 1985, the Secretary shall, whenever the Secretary finds that any order issued under this subtitle or any provision thereof obstructs or does not tend to effectuate the declared policy of this subtitle, terminate or suspend the operation of such order or such provisions thereof. 7 USC 4507.

(b) After September 30, 1985, the Secretary may conduct a referendum at any time, and shall hold a referendum on request of a representative group comprising 10 per centum or more of the number of producers subject to the order, to determine whether the producers favor the termination or suspension of the order. The Secretary shall suspend or terminate collection of assessments under the order within six months after the Secretary determines that suspension or termination of the order is favored by a majority of the producers voting in the referendum who, during a representative period (as determined by the Secretary), have been engaged in the production of milk for commercial use and shall terminate the order in an orderly manner as soon as practicable after such determination. Referendum.

(c) The termination or suspension of any order, or any provision thereof, shall not be considered an order within the meaning of this subtitle.

#### COOPERATIVE ASSOCIATION REPRESENTATION

or disapproval of the producers who are members of or under contract with such cooperative association of producers. If a cooperative association of producers elects to vote on behalf of its members, such cooperative association shall provide each producer, on whose behalf the cooperative association is expressing approval or disapproval, a description of the question presented in the referendum together with a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership. Such information shall inform the producer of procedures to follow to cast an individual ballot should the producer so choose within the period of time established by the Secretary for casting ballots. Such notification shall be made at least thirty days prior to the referendum and shall include an official ballot. The ballots shall be tabulated by the Secretary and the vote of the cooperative association shall be adjusted to reflect such individual votes.

Hearing.

U.S. district  
courts,  
jurisdiction.

SEC. 118. (a) Any person subject to any order issued under this subtitle may file with the Secretary a petition stating that any such order or any provision of such order or any obligation imposed in connection therewith is not in accordance with law and requesting a modification thereof or an exemption therefrom. The petitioner shall thereupon be given an opportunity for a hearing on the petition, in accordance with regulations issued by the Secretary. After such hearing, the Secretary shall make a ruling on the petition, which shall be final if in accordance with law.

(b) The district courts of the United States in any district in which such person is an inhabitant or carries on business are hereby vested with jurisdiction to review such ruling, if a complaint for that purpose is filed within twenty days from the date of the entry of such ruling. Service of process in such proceedings may be had on the Secretary by delivering a copy of the complaint to the Secretary. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the Secretary with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires.

Any civil action authorized to be brought under this subsection shall be referred to the Attorney General for appropriate action, except that the Secretary is not required to refer to the Attorney General minor violations of this subtitle whenever the Secretary believes that the administration and enforcement of this subtitle would be adequately served by suitable written notice or warning to any person committing such violation.

(b) Any person who willfully violates any provision of any order issued by the Secretary under this subtitle shall be assessed a civil penalty by the Secretary of not more than \$1,000 for each such violation and, in the case of a willful failure to pay, collect, or remit the assessment as required by the order, in addition to the amount due, a penalty equal to the amount of the assessment on the

quantity of milk as to which the failure applies. The amount of any such penalty shall accrue to the United States and may be recovered in a civil suit brought by the United States.

(c) The remedies provided in subsections (a) and (b) of this section shall be in addition to, and not exclusive of, other remedies that may be available.

#### INVESTIGATIONS; POWER TO SUBPENA AND TAKE OATHS AND AFFIRMATIONS; AID OF COURTS

SEC. 120. The Secretary may make such investigations as the Secretary deems necessary for the effective administration of this subtitle or to determine whether any person subject to the provisions of this subtitle has engaged or is about to engage in any act that constitutes or will constitute a violation of any provision of this subtitle or of any order, or rule or regulation issued under this subtitle. For the purpose of such investigation, the Secretary may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any records that are relevant to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States. In case of contumacy by, or refusal to obey a subpoena to, any person, the Secretary may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of records. The court may issue an order requiring such person to appear before the Secretary to produce records or to give testimony touching the matter under investigation. Any failure to obey such order of the court may be punished by such court as a contempt thereof. ### TITLE II—TOBACCO

Tobacco  
Adjustment Act  
of 1983.

#### SHORT TITLE

SEC. 201. This title may be cited as the "Tobacco Adjustment Act of 1983". 7 USC 1421 note.

## PRICE SUPPORT ADJUSTMENTS

*Ante*, p. 296.

SEC. 202. Effective for the 1984 and subsequent crops of tobacco, section 106 of the Agricultural Act of 1949 (7 U.S.C. 1445) is amended by adding at the end thereof the following new subsections:

“(f) Notwithstanding the foregoing provisions of this section—

“(1) For the 1984 crop of Flue-cured tobacco, the support level shall be the level in cents per pound at which the 1982 crop was supported.

“(2) For the 1985 crop of Flue-cured tobacco, the support level shall be the level in cents per pound at which the 1982 crop was supported, plus or minus, respectively, the amount by which (A) the support level for the 1985 crop, as determined under subsection (b), is greater or less than (B) the support level for the 1984 crop, as determined under subsection (b), as that difference may be adjusted by the Secretary under subsection (d) if the support level under clause (A) is greater than the support level under clause (B), except that the support level for the 1985 crop shall be the level in cents per pound at which the 1982 crop was supported if the support level as determined under subsection (b) for the 1985 crop would not be more than 5 per centum greater than the support level as determined under subsection (b) for the 1984 crop.

“(3) For the 1984 crop of any kind of tobacco (other than Flue-cured tobacco) for which marketing quotas are in effect or are not disapproved by producers and for the 1985 crop of any kind of tobacco (other than Flue-cured and Burley tobacco) for which marketing quotas are in effect or are not disapproved by producers, the Secretary shall establish the support level at such level as will not narrow the normal price support differential between Flue-cured tobacco and such other kind of tobacco. Before establishing the support level under this paragraph for any such kind of tobacco the Secretary shall publish in the Federal Register a notice of the level the Secretary proposes to establish and give an opportunity for the public to comment on the proposal. In determining the level to be established under this paragraph for a particular kind of tobacco, the Secretary shall take into consideration the cost of producing such kind of tobacco, the supply and demand conditions for such kind of tobacco, the comments received in response to the public notice of the proposal, and such other relevant factors as the Secretary determines appropriate.

“(4) For the 1985 crop of Burley tobacco and for the 1986 and each subsequent crop of any kind of tobacco for which marketing quotas are in effect or are not disapproved by producers, the support level shall be the level in cents per pound at which the immediately preceding crop was supported (or if the level for that crop was adjusted under subsection (g) the level at which such crop would have been supported without regard to any adjustment under subsection (g)), plus or minus, respectively, the amount by which (A) the support level for the crop for which the determination is being made, as determined under subsection (b), is greater or less than (B) the support level for the immediately preceding crop, as determined under subsection (b), as that difference may be adjusted by the Secretary

Register.

under subsection (d) if the support level under clause (A) is greater than the support level under clause (B).

“(g)(1) Except as provided in paragraph (2), notwithstanding the provisions of subsections (d) and (f) and section 403, the Secretary, if requested by the board of directors of the association through which price support for Flue-cured tobacco is made available to producers, may (1) designate for any crop certain grades of Flue-cured tobacco that are eligible for price support (but representing in the aggregate not more than 25 per centum of the total quantity of the Flue-cured tobacco crop that the Secretary estimates will be produced) that the Secretary determines are of such quantity or quality as to impair their marketability, and (2) without regard to the weighted average of the support rates for eligible grades of Flue-cured tobacco determined under the proviso to the first sentence of subsection (d), further reduce the support rates for such grades to the extent the Secretary deems necessary to reflect their market value, but in no event by more than 12 per centum of the respective support rates that would otherwise be established under this section.

“(2) Any reduction in the support rates for grades of Flue-cured tobacco under this subsection shall not be considered in determining the support levels for subsequent years.”.

#### ELIMINATION OF DOUBLE ASSESSMENT; USE OF FUND

SEC. 203. Section 106A(d) of the Agricultural Act of 1949 (7 U.S.C. 1445-1(d)) is amended by—

(1) in paragraph (2), striking out “and subsequent crops” and inserting in lieu thereof “crop only”; and

(2) in paragraph (3), inserting before the semicolon at the end thereof the following: “: *Provided*, That, notwithstanding any other provision of law, use by the association of moneys in the Fund, including interest and other earnings, for the purposes of reducing the association's outstanding indebtedness to the Corporation associated with 1982 and subsequent crops of quota tobacco and making loan advances to producers is authorized, and use of such moneys for any other purposes that will be mutually beneficial to producers who contribute to the Fund and to the Corporation, shall, if approved by the Secretary, be considered an appropriate use of the Fund”.

#### NO NET COST TOBACCO ACCOUNT—FLUE-CURED TOBACCO

SEC. 204. Section 106B(a) of the Agricultural Act of 1949 (7 U.S.C. 1445-2(a)) is amended by—

(1) in paragraph (1), striking out “, except that the term does not include such an association that has entered into such an agreement to make price support available to producers of Flue-cured tobacco”; and

(2) in paragraph (5), striking out “except Flue-cured tobacco”.

#### LEASE AND TRANSFER OF FLUE-CURED TOBACCO; FORFEITURE OF ALLOTMENT AND QUOTA

SEC. 205. (a) Effective for the 1984 and subsequent crops of tobacco, section 316(a)(1) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1314b(a)(1)) is amended to read as follows:

“(a)(1) Notwithstanding any other provision of law—

“(A)(i) The Secretary, if the Secretary determines that it will not impair the effective operation of the tobacco marketing quota or price support program, may permit the owner and operator of any farm for which a tobacco acreage allotment (other than a Burley, Flue-cured, dark air-cured, Fire-cured, Virginia sun-cured and cigar-binder, type 54 or 55 tobacco acreage allotment) is established under this Act to lease and transfer all or any part of such allotment to any other owner or operator of a farm in the same county for use in such county on a farm having a current tobacco allotment of the same kind.

“(ii) The Secretary shall, only with respect to the 1984 through 1986 crops of Flue-cured tobacco, permit the owner of a farm to which a Flue-cured tobacco acreage allotment or quota is assigned under this Act to lease and transfer all or any part of such allotment or quota to any other owner or operator of a farm in the same county for use in such county on a farm having a current Flue-cured tobacco acreage allotment or quota except that for the 1985 and 1986 crops such lease and transfer shall be permitted only if (except as otherwise provided in paragraph (2)(A)) the parties to the lease file a copy of the lease agreement with the county committee for the county in which the farms are located, together with a written statement certifying that none of the consideration for the lease has been or will be paid to the lessor, either directly or indirectly in any form including a loan by the lessee to the lessor, the endorsement of a note by the lessee for the lessor, or any other similar arrangement which represents the anticipated income for the lease, prior to the marketing of the tobacco produced under the lease and that the lease and transfer is otherwise in compliance with the provisions of this section. Beginning with the 1985 crop, the Secretary shall promulgate regulations establishing, insofar as is reasonably practicable, a similar requirement providing that none of the consideration for the lease of any Flue-cured tobacco acreage allotment and quota may be paid to the lessor prior to the marketing of the tobacco produced under the lease. The Secretary shall also require that any seller of a Flue-cured tobacco allotment and quota grant to the buyer an option to make payment therefore in equal annual installments payable each fall for a period not to exceed five years from the year in which the sale is made. With respect to the 1987 and subsequent crops of Flue-cured tobacco, the Secretary shall not permit the lease and transfer of Flue-cured tobacco acreage allotments and quotas.

Notice; hearing.

“(B) If, after notice and opportunity for a hearing, the county committee determines that the lessee or the lessor of a Flue-cured tobacco acreage allotment or quota knowingly made a false statement in the written statement filed under subparagraph (A), (i) in the case of a false statement knowingly made by the lessee, the lease agreement for purposes of the Flue-cured tobacco marketing quota program with respect to the lessee’s farm shall be considered null and void as of the date approved by the county committee or (ii) in the case of a false statement knowingly made by the lessor, the Flue-cured tobacco allotment and quota next established for the farm of the lessor shall be

reduced by the percentage which the leased allotment or quota was of the total Flue-cured tobacco allotment or quota for the farm. Notice of any determination made by the county committee under the preceding provision shall be mailed as soon as practicable to the lessee or lessor involved. If the lessee or lessor is dissatisfied with such determination, the lessee or lessor may request, within fifteen days after notice of such determination is mailed, a review of such determination by a local review committee under section 363 of this Act.”

“(k)(1) Notwithstanding any other provision of law, any person who, on or after January 1, 1986, owns a farm for which a Flue-cured tobacco acreage allotment or marketing quota is established under this Act shall, subject to paragraph (2) of this subsection, forfeit such allotment or quota after February 15 of any year immediately following the last year of the three-year period immediately preceding the year for which the determination is being made in which Flue-cured tobacco has not been planted or considered planted on such farm during at least two years out of such three-year period.

“(2) The allotment or quota specified in paragraph (1) of this subsection shall be forfeited if, after notice and opportunity for a hearing, the appropriate county committee determines that the conditions for forfeiture specified in such paragraph exist. Any allotment or quota so forfeited shall be reallocated by such county committee for use by active Flue-cured tobacco producers (as defined in section 316(g)(1) of this Act) in the county involved.

7 USC 1314b.

“(3) Notice of any determination made by the county committee under paragraph (2) of this subsection shall be mailed, as soon as practicable, to the person involved. "(2) The monthly assistance payment for any family shall be the amount by which the payment standard for the area exceeds 30 per centum of the family's monthly adjusted income, except that such monthly assistance payment shall not exceed the amount by which the rent for the dwelling unit (including the amount allowed for utilities in the case of a unit with separate utility metering) exceeds 10 per centum of the family's monthly income.

"(3) Assistance payments may be made only for (A) a family determined to be a very low-income family at the time it initially receives assistance, or (B) a family previously assisted under this Act. In selecting families to be assisted, preference shall be given to families which, at the time they are seeking assistance, occupy substandard housing, are involuntarily displaced, or are paying more than 50 per centum of family income for rent.

"(D) Before making such adjustments the public housing agency shall consult with the public and the general local government regarding the impact of such adjustments on the number of families that can be assisted.

"(8) A public housing agency may utilize not to exceed 5 per centum of the amount of authority available under this subsection to provide assistance with respect to cooperative or mutual housing which has a resale structure which maintains affordability for lower income families where the agency determines such action will assist in maintaining the affordability of such housing for such families."

“(i)(1) Unless otherwise requested by the sponsor, a maximum of 25 per centum of the units in a project financed under this section may be efficiency units, subject to a determination by the Secretary that such units are appropriate for the elderly or handicapped population residing in the vicinity of such project or to be served by such project.

“(2) The Secretary may require a sponsor of a housing project financed with a loan under this section to deposit an amount not to exceed \$10,000 in a special escrow account to assure the commitment and long-term management capabilities of such sponsor.

Per unit cost  
limitations.

“(3) In establishing per unit cost limitations for purposes of this section, the Secretary shall take into account design features necessary to meet the needs of elderly and handicapped residents, and such limitations shall reflect the cost of providing such features. The Secretary shall adjust the per unit cost limitations in effect on January 1, 1983, not less than once annually to reflect changes in the general level of construction costs.

Prepayment and  
transfer.

“(j)(1) The Secretary may not approve the prepayment of any loan made under this section, or transfer such loan, unless such prepayment or transfer is made as part of a transaction that will ensure that the project involved will continue to operate until the original maturity date of such loan in a manner that will provide rental housing for the elderly and handicapped on terms at least as advantageous to existing and future tenants as the terms required by the original loan agreement entered into under this section and any other loan agreements entered into under other provisions of law.

"(2) The Secretary may not sell any mortgage held by the Secretary as security for a loan made under this section.

"(k)(1) In the process of selecting projects for loans under this section, the Secretary shall assure the inclusion of special design features and congregate space if necessary to meet the special needs of elderly and handicapped residents.

"(2) The Secretary shall encourage the provision of small and scattered site group homes and independent living facilities for nonelderly handicapped persons and families.

"(l) The basis for selection of a contractor to be employed in the development or construction of a project assisted under this section shall be determined by the project sponsor or borrower if the development cost of the project is less than \$2,000,000, if the project rentals will be less than 110 per centum of the fair market rent applicable to projects financed under this section, or if the sponsor of the project is a labor organization.

Selection of contractor.

"(m) Nothing in this section authorizes the Secretary to prohibit any sponsor from voluntarily providing funds from other sources for amenities and other features of appropriate design and construction suitable for inclusion in such project if the cost of such amenities is (1) not financed with the loan, and (2) not taken into account in determining the amount of Federal subsidy or of the rent contribution of tenants."

#### DEMONSTRATION PROJECT

SEC. 225. (a) The Congress finds that—

12 USC 1701z-6  
note.

(1) the Department of Health and Human Services spends in excess of \$5,000,000,000 annually for housing in the form of allowances for shelter for public assistance recipients;

(2) States administering the Department of Health and Human Services public assistance program often specify shelter allowances that have little relationship to the cost or the quality of the housing in which public assistance recipients live;

(3) at least 30 per centum of public assistance recipients live in substandard housing;

(4) the older rental buildings in which many public assistance recipients live are in those neighborhoods that need the assistance of the programs of the Department of Housing and Urban Development for preservation and rehabilitation; and

(5) there is the potential for improving housing for many lower income families by coordinating State and local government efforts in order to assure that families receiving public assistance payments from the Department of Health and Human Services are able to live in decent, safe, and sanitary housing.

(b) The purpose of this section, therefore, is to provide assistance to units of general local government and their designated agencies in order to develop a program that will—

42 USC 601.

(1) encourage the upgrading of housing occupied primarily by lower income families, including families receiving assistance under the aid for families with dependent children program established under title IV of the Social Security Act; and

(2) provide for better coordination at the local level of the efforts to assist families receiving public assistance from the Department of Health and Human Services so that these families will be able to occupy affordable housing that is decent, safe, and sanitary and that, if necessary, is rehabilitated with funds provided by the Department of Housing and Urban Development.

(c) The Secretary of Housing and Urban Development (hereafter referred to in this section as the "Secretary") shall, to the extent approved in appropriation Acts, establish and maintain a demonstration project to carry out the purpose described in subsection (b).

Grants.

(d) In carrying out such project, the Secretary shall make grants to units of general local government, or designated agencies thereof, to carry out administrative plans approved by the Secretary in accordance with subsection (e), and the Secretary may make grants to States to provide technical assistance for the purpose of assisting such units of general local government to develop and carry out such plans.

Grants.

(e)(1) Grants may be made to States and units of general local government and agencies thereof that apply for them in a manner and at a time determined by the Secretary and that, in the case of units of general local government and their agencies, are selected on the basis of an administrative plan described in such application.

(2) No such administrative plan shall be selected by the Secretary unless it sets forth a plan for local government activities that are designed to—

(A) require or encourage owners of rental housing occupied by lower income families to bring such housing into compliance with local housing codes;

(B) provide technical assistance, loans, or grants to assist owners described in subparagraph (A) to undertake cost-effective improvements of such housing;

42 USC 601.

(C) work with the State to establish and implement a schedule of local shelter allowances for recipients of assistance under title IV of the Social Security Act based on building quality that will be applicable to buildings involved in this program; and

(D) coordinate local housing inspection, housing rehabilitation loan or grant assistance, rental assistance, and social service programs for the purpose of improving the quality and affordability of housing for lower income families.

(3) Funds received from any grant made by the Secretary to a unit of general local government shall be made available for use according to the administrative plans and may be used for—

(A) technical assistance or financial assistance to property owners to upgrade housing projects described in paragraph (2)(A) of this subsection;

(B) temporary rental assistance to families who live in buildings assisted under this program and who are eligible for, but are not receiving, assistance under section 8 of the United States Housing Act of 1937, except that such families shall not include families receiving assistance under title IV of the Social Security Act, and the amount of such rental assistance may not exceed 20 per centum of each grant received under this section;

42 USC 1437f.

42 USC 601.

(C) housing counseling and referral and other housing related services;

(D) expenses incurred in administering the program carried out with funds received under this section, except that such expenses may not exceed 10 per centum of the grant received under this section; and

(E) other appropriate activities that are consistent with the purposes of this section and that are approved by the Secretary.

(f) Any recipient of a grant from the Secretary under this section shall agree to—

(1) contribute to the program an amount equal to 15 per centum of the funds received from the Secretary under this section, and the Secretary shall permit the recipient to meet this requirement by the contribution of the value of services carried out specifically in connection with the program assisted under this section;

(2) permit the Secretary and the General Accounting Office to audit its books in order to assure that the funds received under this section are used in accordance with the section; and

(3) other terms and conditions prescribed by the Secretary for the purpose of carrying out this section in an effective and efficient manner.

(g) In making grants available under this section, the Secretary shall select as recipients at least 20 units of general local government (or their designated agencies). The selection of proposals for funding shall be based on criteria that result in a selection of projects that will enable the Secretary to carry out the purpose of this section in an effective and efficient manner and provide a sufficient amount of data necessary to make an evaluation of the demonstration project carried out under this section.

(h)(1) Not later than June 1, 1984, the Secretary shall transmit to the Congress an interim report on the implementation of the demonstration under this section.

Reports to  
Congress.

(2) The Secretary shall transmit, not later than October 1, 1985, to both Houses of the Congress a detailed report concerning the findings and conclusions that have been reached by the Secretary as a result of carrying out this section, along with any legislative recommendations that the Secretary determines are necessary.

(i) To carry out this section, there are authorized to be appropriated not to exceed \$10,000,000 during fiscal year 1984, and not to exceed \$15,000,000 during fiscal year 1985, to remain available until expended.

Such continued assistance payments shall be made in an amount determined in accordance with the applicable provisions of paragraph (1) or subsection (a)(2)(B) and for such period as the Secretary determines to be appropriate.

#### RENTAL REHABILITATION AND DEVELOPMENT GRANTS

SEC. 301. The United States Housing Act of 1937 is amended by inserting before section 18 the following:

#### "RENTAL REHABILITATION AND DEVELOPMENT GRANTS

"SEC. 17. (a) PROGRAM AUTHORITY.—(1) REHABILITATION AND DEVELOPMENT GRANTS.—The Secretary is authorized—

"(A) to make rental rehabilitation grants to States and units of general local government to help support the rehabilitation of privately owned real property to be used for primarily residential rental purposes in accordance with subsection (c); and

"(B) to make development grants for new construction or substantial rehabilitation in accordance with subsection (d).

"(2) AUTHORITY TO RESERVE HOUSING ASSISTANCE.—In connection with a grant under this section, the Secretary may reserve authority to provide housing assistance under section 8(o) to the extent necessary—

"(A) to provide housing assistance to persons displaced by activities under this section; or

"(B) to support the grantee's program.

"(3) AUTHORIZATION.—To carry out the purposes of this section the Secretary may utilize not to exceed \$615,000,000, as provided in section 5(c) for fiscal years 1984 and 1985, of which amount—

42 USC 1437o.

*Ante*, p. 1181.

*Ante*, p. 1176.

“(A) not to exceed \$150,000,000 shall be available in each such year for rental rehabilitation, of which \$1,000,000 shall be available each year for technical assistance; and

“(B) not to exceed \$200,000,000 for fiscal year 1984, and \$115,000,000 for fiscal year 1985, shall be available for development grants.

“(b) DISTRIBUTION OF RENTAL REHABILITATION GRANT FUNDS.—(1) FORMULA ALLOCATION.—Of the amount available in any fiscal year for rehabilitation grants under this section, the Secretary shall allocate amounts for rehabilitation grants under subsection (c) to cities having populations of fifty thousand or more, urban counties, and States for use as provided in subsection (e), on the basis of a formula which shall be contained in a regulation proposed by the Secretary not later than sixty days after the effective date of this section. Such regulation shall be accompanied by the specific fund allocation for fiscal year 1984 for individual cities, urban counties, and States which would result from the proposed formula and any adjustments under paragraph (2). The formula contained in the regulation shall take into account objectively measurable conditions, including such factors as low income renter population, overcrowding of rental housing, the extent of physically inadequate housing stock, and such other objectively measurable conditions as the Secretary deems appropriate to reflect the need for assistance under this section, but excluding data relating to such factors which pertain to areas eligible for assistance under title V of the Housing Act of 1949.

Regulation.

“(2) ADJUSTMENTS.—Before an allocation determined under paragraph (1) for any fiscal year is made available for use, the Secretary may adjust the allocation as follows:

42 USC 1471.

“(A) The Secretary is authorized to establish minimum allocation amounts for cities and urban counties, representing program levels below which, in the Secretary's determination, conduct of a rental rehabilitation program would not be feasible. The amount of any allocation which is below this minimum shall be added to the allocation for the State in which the city or county is located and shall be available in accordance with subsection (e).

“(B) Beginning with fiscal years after fiscal year 1984, the Secretary is authorized to adjust the allocation for a city, urban county, or State administering a rental rehabilitation program as provided in subsection (f), by up to 15 per centum above or below the amount of such allocation, based on an annual review of performance in carrying out activities under this section in a timely manner and in achieving the result that at least 80 per centum of the units rehabilitated with assistance under this section in all program years have rents which are and remain at a level which would be affordable by lower income families. The last sentence of subparagraph (A) shall not apply to an allocation which is below the minimum amount described therein by reason of an adjustment under this subparagraph. The Secretary shall establish by regulation performance criteria for purposes of this subparagraph.

Rental  
rehabilitation  
program  
administration.

“(3) REALLOCATION.—After the allocation of rehabilitation grant amounts, the Secretary is authorized to reallocate such amounts among grantees on the basis of the Secretary's assessment of the progress of grantees in carrying out activities under this section in accordance with their specified schedules. Reallocations under this

paragraph shall be designed to encourage use of these resources expeditiously, consistent with the sound development and administration of the grantees' rental rehabilitation programs.

"(4) RECAPTURE.—Any rental rehabilitation grant amounts which are not obligated at the end of any fiscal year shall be added to the amount available for allocation for such grants for the succeeding fiscal year.

"(c) GRANTS FOR MODERATE REHABILITATION.—(1) PROGRAM DESCRIPTION.—A rehabilitation grant may be made under this section on the basis of satisfactory information provided in a program description which shall be submitted by the grantee at such time and in such manner as the Secretary may prescribe and which shall contain—

"(A) a description of the grantee's proposed rental rehabilitation program, which shall consist of the activities each grantee proposes to undertake for the fiscal year, including the grantee's anticipated schedule in carrying out those activities, or, in case of a State distributing resources as provided in subsection (e), its proposed method of distributing the resources, which shall have been made available to the public;

"(B) a certification that the grantee's program was developed after consultation with the public;

"(C) a statement of the procedures and standards which will govern selection of proposals by the grantee, which procedures and standards shall take into account the extent to which the proposal represents the efficient use of Federal resources and the extent to which the housing units involved will be adequately maintained and operated with rents at the levels proposed;

"(D) an estimate of the effect of the proposed program on neighborhood preservation;

"(E) evidence demonstrating the financial feasibility of the proposed program, including the availability of non-Federal and private resources and including evidence that the projects to be selected for rehabilitation will be located in neighborhoods where rents are generally affordable to lower income families and that the character of the neighborhood indicates that such rents will not materially change over an extended period; and

"(F) such other information as the Secretary shall prescribe.

"(2) PROGRAM REQUIREMENTS.—A rental rehabilitation program assisted under this section shall provide that—

"(A) grant assistance shall only be used to rehabilitate real property to be used for primarily residential rental purposes;

"(B) grants shall only be used to assist the rehabilitation of real property located in neighborhoods where the median income does not exceed 80 per centum of the median income for the area;

"(C) grant assistance for any structure shall not exceed 50 per centum of the total costs associated with the rehabilitation of that structure, as determined by the Secretary, except that where the Secretary determines that refinancing costs and the special nature of the project require a greater amount of assistance, the grant amount shall be limited to not to exceed 50 per centum of the development cost including acquisition;

"(D) rehabilitation assisted under this section shall only be that which is necessary to correct substandard conditions, to

Rental

make essential improvements, and to repair major systems in danger of failure;

“(E) the amount of rental rehabilitation assistance provided under this section for any structure shall not exceed \$5,000 per unit except as otherwise determined by the Secretary in areas of high material and labor costs where the grantee demonstrates that every appropriate step has been taken by the grantee to contain the amount of assistance within the limit set by this paragraph and that an exception is necessary to conduct a rehabilitation program while not exceeding the rehabilitation standards of subparagraph (D);

“(F) a structure may be assisted under this section only if the rehabilitation of such structure will not cause the involuntary displacement of very low-income families by families who are not very low-income families;

Low-income  
families,  
displacement.

“(G) the owner of each assisted structure agrees—

“(i) not to discriminate against prospective tenants on the basis of their receipt of or eligibility for housing assistance under any Federal, State, or local housing assistance program or, except for a structure for housing for the elderly, on the basis that the tenants have a minor child or children who will be residing with them; and

“(ii) not to convert the units to condominium ownership (or in the case of a cooperative, to condominium ownership or any form of cooperative ownership not eligible for assistance under this section);

for at least 10 years beginning on the date on which the units in the project are completed;

“(H) the State or unit of general local government that receives the assistance certifies to the satisfaction of the Secretary that the assistance will be made available in conformity with Public Law 88-352 and Public Law 90-284; and

“(I) 100 per centum of the amount of assistance provided under this section shall be used by the grantee for the benefit of lower income families, except that such requirement shall be reduced to (i) 70 per centum if the grantee certifies in accordance with standards prescribed by the Secretary that such reduction is necessary, and that the grantee cannot develop a proposed program which complies with such requirement, after consultation with the public regarding the inability to develop a program which complies with such requirement, and (ii) to not less than 50 per centum where the Secretary determines that such further reduction is necessary.

42 USC 2000a  
note; 82 Stat. 73.

“(3) SECRETARIAL RESPONSIBILITY.—The Secretary shall assure that—

“(A) an equitable share of the rehabilitation grants under this section is used to assist in the provision of housing for families, including large families with children; and

“(B) a priority shall be given to projects containing units in substandard condition which are occupied by very low-income families.

“(d) GRANTS FOR NEW CONSTRUCTION AND SUBSTANTIAL REHABILITATION.—

Congress.

"(2) **AREA ELIGIBILITY.**—To be eligible for development grants under this subsection, a project must be located in an area that is experiencing a severe shortage of decent rental housing opportunities for families and individuals without other reasonable and affordable housing alternatives in the private market. The Secretary shall issue regulations, consistent with the preceding sentence, that set forth minimum standards for determining areas eligible for assistance. Such standards shall be based on objectively measurable conditions, and shall take into account the extent of poverty, the extent of occupancy of physically inadequate housing by lower income families, the extent of housing overcrowding experienced by lower income families, the level and duration of rental housing vacancies, the extent of the lag between the estimated need for and production of rental housing, and other objectively measurable conditions specified by the Secretary consistent with the first sentence of this subsection. The Secretary shall propose regulations under this paragraph not later than 60 days after the date of enactment of this section and shall promptly transmit to the Congress such proposed regulations accompanied by a list of those areas which meet the minimum standards contained in such regulations. Any unit of government located in an area which meets such minimum standards is eligible to submit an application for a rental housing development grant under this section. The Secretary may also consider an application for a project to be located in an area which is not eligible under such standards where the Secretary determines that a project involving assistance for other than moderate rehabilitation is necessary in order to meet special housing needs or to advance a particular neighborhood preservation purpose.

"(3) **APPLICATION.**—A development grant may be made under this section on the basis of information provided in an application which shall be submitted by the grantee at such time and in such manner as the Secretary may prescribe. In addition to information relating to the selection criteria set forth in paragraph (5), the application shall contain—

"(A) a description of the grantee's proposed rental development program, which shall consist of the activities the grantee proposes to undertake for the fiscal year, including a specification of the grantee's anticipated schedule in carrying out those activities;

"(B) a certification that the grantee's program was developed after consultation with the public;

"(C) a statement of the procedures and standards which will govern selection of proposals by the grantee, which procedures and standards shall take into account the extent to which the proposal represents the efficient use of Federal resources and the extent to which the housing units involved will be adequately maintained and operated with rents maintained at the levels proposed;

"(D) an estimate of the effect of the proposed program on neighborhood preservation; and

"(4) **PROGRAM REQUIREMENTS.**—A rental development program assisted under this section shall provide that—

"(A) grant assistance shall be used to develop real property to be used for residential rental purposes only;

“(B) grant assistance for any structure shall not exceed 50 per centum of the total costs associated with the rehabilitation or development of that structure, as determined by the Secretary, except that where the Secretary determines that refinancing costs and the special nature of the project require a greater amount of assistance, the grant amount shall be limited to not to exceed 50 per centum of the development cost including acquisition;

“(C) a structure may be assisted under this section only if the development of such structure will not cause the involuntary displacement of very low-income families by families who are not very low-income families;

Low-income  
families,  
displacement.

“(D) the owner of each assisted structure agrees—

“(i) not to discriminate against prospective tenants on the basis of their receipt of or eligibility for housing assistance under any Federal, State, or local housing assistance program or, except for a structure for housing for the elderly, on the basis that the tenants have a minor child or children who will be residing with them; and

“(ii) not to convert the units to condominium ownership (or in the case of a cooperative, to condominium ownership or any form of cooperative ownership not eligible for assistance under this section);

during the 20-year period beginning on the date on which the units in the project are available for occupancy;

“(E) the owner of each assisted structure agrees that, during the 20-year period beginning on the date on which 50 per centum of the units in the structure are occupied or completed, at least 20 per centum of the units the construction or substantial rehabilitation of which is provided for under the application shall be occupied, or available for occupancy by, persons and families whose incomes do not exceed 80 per centum of the area median income;

“(F) the structure—

“(i) will have a value after rehabilitation or construction that is not more than the amount of a mortgage on the structure that could be insured under section 207 of the National Housing Act; and

“(ii) is secured by a mortgage which bears a rate of interest and contains such other terms and conditions as the Secretary determines are reasonable;

12 USC 1713.

“(G) the grantee must commence construction or substantial rehabilitation activities not later than 24 months after notice of project selection; and

“(H) the State or unit of general local government that receives the assistance certifies to the satisfaction of the Secretary that the assistance will be made available in conformity with Public Law 88-352 and Public Law 90-284.

42 USC 2000a  
note; 82 Stat. 73.

“(5) **PROJECT SELECTION.**—In selecting projects to receive development grants, the Secretary shall make such selection on the basis of the extent—

“(A) of the severity of the shortage of decent rental housing opportunities in the area in which the project or projects are to be located for families and individuals without other reasonable and affordable housing alternatives in the private market;

“(B) of non-Federal public and private financial or other contributions that reduce the amount of assistance necessary under this section;

“(C) to which the project or projects contribute to neighborhood development and mitigate displacement;

“(D) to which the applicant has established a satisfactory record of performance in meeting assisted housing needs and has the capacity to undertake the program in a timely manner;

“(E) to which the assistance requested will provide the maximum number of units for the least cost to the Federal Government, taking into consideration the extent to which assistance provided will be recaptured and cost differences among different areas, among financing alternatives, and among the types of projects and tenants being served;

“(F) to which the grantee will establish a mechanism to assure the maintenance of affordable rentals for lower income families;

“(G) to which the applicant has demonstrated the financial feasibility of the proposed program, including the availability of non-Federal and private resources; and

“(H) to which an equitable share of the development grant funds under this section will be used to assist in the provision of housing for families, including large families with children.

“(6) PRIORITIES.—In selecting projects for grants under this subsection, the Secretary shall give a priority to proposals involving projects—

“(A) which exceed the minimum requirements of paragraph (4)(E); and

“(B) in areas where the waiting lists for housing assistance are relatively long and where families holding certificates under section 8 require an excessive length of time to find housing.

“(7) ENFORCEMENT OF PROGRAM REQUIREMENTS.—(A) The grantee shall take appropriate legal action to enforce compliance with the requirements of this subsection by the owner of any assisted property or his or her successors in interest during the 20-year period beginning on the date on which 50 per centum of the units are occupied or are completed. For any violation of such agreements, the owner or his or her successors in interest shall make a payment to the grantee of an amount that equals the total amount of assistance provided under this title with respect to such project, plus interest thereon (without compounding), for each year and any fraction thereof that the assistance was outstanding, at a rate determined by the Secretary taking into account the average yield on outstanding marketable long-term obligations of the United States during the month preceding the date on which the assistance was made available. The amount of such assistance (and accrued interest) which is required to be repaid shall be reduced by 10 per centum for each full year in excess of 10 years which intervened between the commencement of the period and the violation. Any amounts recovered by the grantee shall be used to furnish assistance under this section.

“(B) Notwithstanding any other provision of law, any assistance provided under this subsection shall constitute a debt, which is payable in the case of any failure to carry out the agreements, and shall be secured by the security instruments provided by the owner to the grantee.

42 USC 1437f.

Violation,

“(8)(A) RENT PROVISIONS.—Rents charged for units available for occupancy by lower income families in any project assisted under this subsection shall be approved by the grantee. In approving such rents, the grantee shall provide that the rents of such units are not more than 30 per centum of the adjusted income of a family whose income equals 50 per centum of the median income for the area, as determined by the Secretary with adjustments for smaller and larger families. Not less than 30 days prior written notice of any increase in rents shall be provided to such tenants.

These resources shall only be used to carry out activities under this section in cities with populations of less than fifty thousand and in urban counties and cities whose allocations are less than the minimum allocation amount established under subsection (b)(2), but may not be used in areas which are eligible for assistance under title V of the Housing Act of 1949. The State may use all or part of these resources (A) to carry out its own rental rehabilitation program, or (B) to distribute them to units of general local government. A city with a population over fifty thousand may, with the agreement of the State government, elect to contract with the State to administer the grant program under this section in any fiscal year.

42 USC 1471.

“(2) States may elect not to administer resources made available under subsection (b)(2) of this section. This election shall be made in such manner and before such time as the Secretary may prescribe. The Secretary shall administer the resources available to any State exercising such an election in accordance with regulations and procedures prescribed by the Secretary, including the administration of grant programs of cities with populations over fifty thousand which elect not to administer their own program. Such regulations shall, to the maximum extent practicable, be comparable to those for cities and urban counties receiving resources under subsection (b).

“(3) A State may apply for and receive, on behalf of a unit of local government located in that State and with the concurrence of that unit of general local government, a rental development grant to be used in accordance with the provisions of subsection (d).

“(4) In any case in which the State is a grantee under any provision of this section, the Secretary shall require that the State take such actions as may be appropriate to assure compliance with the program requirements, owner agreements, and other provisions of this section.

“(f) APPLICABILITY OF REQUIREMENTS OR AGREEMENTS.—Requirements imposed by or agreements made with States and units of general local government regarding rents in structures assisted

under this section (including requirements relating to the rents which may be charged after rehabilitation) shall not apply to a structure assisted under this section unless (1) such requirements are imposed or agreements are entered into pursuant to a State law or local ordinance of general applicability which was enacted and in effect in that jurisdiction prior to the date of enactment of this section, and (2) such requirements or agreements would apply generally to structures not assisted under this section.

“(h) ADMINISTRATIVE EXPENSES.—Grantees receiving assistance under this section shall not deduct therefrom any amounts to cover administrative expenses incurred by them in carrying out their responsibilities under this section.

“(i) PRESERVATION, ENVIRONMENTAL POLICY, AND LABOR STANDARDS.—(1) The Secretary shall establish procedures which support national historic preservation objectives and which assure that, if any rehabilitation or development proposed to be assisted under this section would affect property which is included on the National Register of Historic Places or which is eligible for inclusion on the National Register of Historic Places, such activity shall not be undertaken unless (A) it will reasonably meet the standards issued by the Secretary of the Interior and the appropriate State historic preservation officer is afforded the opportunity to comment on the specific rehabilitation or development program, or (B) the Advisory Council on Historic Preservation is afforded an opportunity to comment on cases for which the grantee of assistance, in consultation with the State historic preservation officer, determines that the proposed activity cannot reasonably meet such standards or would adversely affect historic property as defined therein.

Any amounts made available to such a consortium shall be deducted from the allocation to the State in which the units of general local government are located.

“(2) where the grantee is a State distributing resources made available under this section to units of general local government as provided in subsection (e)(2), whether the State (A) has distributed such resources in a timely manner and in accordance with the requirements of this section, and (B) has made such reviews and audits of the units of general local government as may be necessary or appropriate to determine whether they have satisfied the performance criteria described in paragraph (1).

In addition to the adjustments based on performance authorized by subsection (b)(2), the Secretary may adjust, reduce, or withdraw resources made available to States and units of general local government receiving assistance under this section, or take other action as appropriate in accordance with the findings of these reviews and audits, except that resources already expended on eligible activities shall not be recaptured or deducted from future resources made available to the grantee. Any amounts which become available as a result of actions under this paragraph shall be reallocated in the year in which they become available to such grantee or grantees as the Secretary may determine.

“(m) PERFORMANCE REPORT.—Prior to the beginning of fiscal year 1985 and each fiscal year thereafter, each grantee shall submit to the Secretary a performance report concerning the activities carried out pursuant to this section, together with an assessment by the grantee of the relationship of these activities to the objectives of this section. The Secretary shall stipulate the format for such data collection to assure that such information can be aggregated at the national level to allow congressional oversight.

SEC. 422. Title II of the National Housing Act is amended by adding at the end thereof the following new section:

#### “SINGLE FAMILY MORTGAGE INSURANCE ON INDIAN RESERVATIONS

12 USC  
1715z-13.

“SEC. 248. (a) The Secretary, subject to such special conditions as the Secretary may prescribe, may insure under any provision of this title that authorizes such insurance, a mortgage covering a property upon which there is located a one- to four-family residence, without regard to any limitation in this Act relating to marketability of title or any other limitation in this Act that the Secretary determines is contrary to promoting the availability of such insurance on Indian reservations if the mortgage (1) is executed by an Indian tribe and the property is located on trust or otherwise restricted lands; or (2) is executed by a member of an Indian tribe who will use the property as a principal residence and the property is on trust lands or otherwise restricted land.

“(b) Notwithstanding any other provision of this Act, with respect to mortgages covering a property upon which there is located a one- to four-family residence—

“(1) the Secretary may insure and make commitments to insure under this title pursuant to this section advances made during construction where the Secretary determines that the proposed construction is otherwise acceptable and meets an applicable tribal or national model building code, and that no feasible financing alternative is available;

“(2) the applicable percentage limitation on the amount of the principal obligation of a mortgage based on the appraised value or replacement cost, as appropriate, of a one- to four-family owner-occupied residence contained in this title shall apply in the case of all mortgages insured pursuant to this section without regard to whether the residences are owner-occupied where the residences are owned by the tribe; and

"(3)(A) the Secretary may require an Indian tribe, only as a condition of insurance made under this title pursuant to this section, to pledge income from tribal resources or income from tribal assets not subject to a restriction by the Secretary of the Interior or pledge grants under title I of the Housing and Community Development Act of 1974 or any other Federal grant program administered by the Secretary of Housing and Urban Development to be used to reimburse the Secretary for any mortgage insurance claims paid in connection with residences insured pursuant to this section; or

"(B) in the case of an individual Indian mortgagor, the Secretary may require a pledge of his or her share of distributed income from tribal resources or income from tribal assets, excluding any Federal grants received by the tribe.

"(c) The Secretary may not refuse to insure a mortgage under this section to an individual home purchaser because there is no distributed tribal or trust fund income attributable to that purchaser.

"(d) Before making any commitment to insure a mortgage under this section with respect to property located on tribal or trust land, the Secretary shall require a showing by the tribe that it has adopted eviction procedures to be used in the event of a default.

"(e) A mortgage insured under this section may be assumed, subject to credit approval by the lender and the consent of the tribe to an assumption of the existing lease or the grant of a new lease, without an adjustment of the interest rate. Any other sale of a property subject to a mortgage insured under this section may be made only if a new lease is granted, except that a sale following a foreclosure may be accompanied by an assumption of the lease with the consent of the tribe.

"(f)(1) The Secretary shall make information regarding the status and payment history of loans insured under this section available to local credit bureaus and prospective creditors. Prior to accepting assignment of a mortgage, the Secretary shall require mortgagees to submit documentation that mortgagors have been counseled in a face-to-face interview, informed of the provisions of this subsection or other available assistance, and provided with the names and addresses of officials of the Department of Housing and Urban Development to whom further communications shall be addressed.

"(2) Notwithstanding the requirement for conveyance of title under section 204, a mortgagee under this section shall be entitled to receive the benefit of insurance under this section in the case of a mortgage which is more than 90 days in default upon conveyance of the lease agreement and the mortgage documents.

"(3) In the event that any default is cured, the Secretary shall seek to reinstate the loan with the mortgagee or another mortgagee. For purposes of this paragraph, the Secretary may provide appropriate financial incentives to reinstate the loan commensurate with sound management of the insurance fund.

"(4) If the Secretary determines that a mortgagor is not making a good-faith effort to cure a default, and that trust fund or tribal income is available under subsection (b)(3)(B), the Secretary shall commence proceedings for the garnishment of the mortgagor's distributed share of tribal or trust fund income in order to collect loan payments that are past due. Proceedings under this paragraph may be instituted in a tribal court, court of competent jurisdiction designated by the tribe, or Federal district court.

Any such court shall have jurisdiction to convey to the Secretary the remaining life of a lease on the real property and to order eviction of the delinquent mortgagor.

Premium  
charge.

"(g) In the administration of this section, the Secretary shall establish a premium charge for insurance that will be sufficient to cover the full costs of the mortgage insurance program under this section, except that such charge may not exceed 3 percent per annum of the principal amount of the mortgage outstanding at any time. Not later than September 30, 1984, the Secretary shall determine and report to the Congress on the feasibility of eliminating any excess amount of the premium under this section over the premium under section 203. “(i) For the purpose of achieving the lowest cost in providing units in newly constructed projects assisted under this section, the Secretary shall give a preference in entering into contracts under this section for projects which are to be located on specific tracts of land provided by States, units of local government, or others if the Secretary determines that the tract of land is suitable for such housing, and that affording such preference will be cost effective.

For the purpose of the preceding sentence, rates and terms and conditions need not be equivalent to those offered by foreign countries, but should be established so that the effect of such rates, terms, and conditions for all the Bank’s programs, including those for small businesses and for medium-term financing, will be to neutralize the effect of such foreign credit on international sales competition. The Bank shall consider its average cost of money as one factor in its determination of interest rates, where such consideration does not impair the Bank’s primary function of expanding United States exports through fully competitive financing. It is also the policy of the United States”.

Economic  
adjustment  
programs.

"(2) Such economic adjustment programs should be designed to safeguard, to the maximum extent feasible, international economic growth, world trade, employment, and the long-term solvency of banks, and to minimize the likelihood of civil disturbances in countries needing economic adjustment programs.

"(b) To ensure the effectiveness of economic adjustment programs supported by Fund resources—

"(1) the United States Executive Director of the Fund shall recommend and shall work for changes in Fund guidelines, policies, and decisions which would—

"(A) convert short-term bank debt which was made at high interest rates into long-term debt at lower rates of interest;

"(B) assure that the annual external debt service, which shall include principal, interest, points, fees, and other charges required of the country involved, is a manageable and prudent percentage of the projected annual export earnings of such country; and

"(A) the economic adjustment program converts high interest rate, short-term bank debt into long-term debt at significantly narrower interest rate spreads than the average interest rate spreads prevailing on bank debt reschedulings negotiated between August 1982 and August 1983 for countries receiving assistance from the Fund for economic adjustment programs in order to minimize the burdens of

adjustment on the debtor nation, provided that such interest rate spreads are consistent with that nation's need to obtain adequate external private financing;

"(B) the annual external debt service required of the country involved is a manageable and prudent percentage of the projected annual export earnings of such country; and

"(C) the economic adjustment program will not have an adverse impact on international economic growth, world trade, exports, and employment of other member countries, and the long-term solvency of banks.

"(c) The provisions of subsection (b)(2) shall not apply in any case in which the Secretary of the Treasury first determines and provides written documentation to the Committee on Banking, Housing, and Urban Affairs and the Committee on Foreign Relations of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives that—

Warranted assistance in certain circumstances.

"(1) an emergency exists in a nation that has applied to the Fund for assistance that requires an immediate short-term loan to avoid disrupting orderly financial markets;

"(2) a sudden decrease in export earnings in the country applying to the Fund for assistance has increased the ratio of annual external debt service to annual export earnings, to greater than 85 per centum for a period projected to be no more than one year; or

## Joint Resolution

Nov. 30, 1983  
[S.J. Res. 44]

To authorize the President to issue a proclamation designating the week beginning on March 11, 1984, as "National Surveyors Week".

Whereas the Congress of the United States recognizes the valuable contributions of the surveying profession to history, development, and quality of life in the United States of America;

Whereas the surveying profession requires special education, training, experience, and knowledge of the principles of mathematics, the related physical and applied sciences, and requirements of law for adequate evidence; and

Whereas, since the early days of our Nation when many of our forefathers, including our first and third Presidents, were surveyors, the profession of surveying has continued to be uniquely qualified to determine and describe land and water boundaries for the management of our natural resources and the protection of private property rights: Now, therefore, be it

National  
Surveyors Week.

*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,* That the President is hereby authorized and requested to issue a proclamation designating the week beginning on March 11, 1984, as "National Surveyors Week" and to urge the people of the United States to observe such week with appropriate ceremonies and activities paying tribute to professional surveyors and their contribution to society.

Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is located.

(2) the President be commended for taking steps to promote, encourage, and undertake activities to further the objectives of the child health revolution and for directing all appropriate United States Government agencies, including the Department of State, the Agency for International Development, and the Department of Health and Human Services, to support and cooperate with UNICEF, the World Health Organization, the United Nations Development Program, and other international financial and assistance agencies participating in fostering this child health revolution; and

“(7) Educationally deprived children who begin participation in a program or project assisted under this chapter who, in the same school year, are transferred to a school attendance area or a school not receiving funds under this chapter, may continue to participate in a program or project funded under this chapter for the remainder of such year.

“(8) The local educational agency is not required to use funds under this chapter to serve educationally deprived children in greatest need of assistance if such children are receiving, from non-Federal sources, services of the same nature and scope as would otherwise be provided under this chapter.

Educational  
program,

## CONGRESSIONAL FINDINGS

SEC. 109. (a) The Congress finds that—

Nicaragua.

(1) the Government of National Reconstruction of Nicaragua has failed to keep solemn promises, made to the Organization of American States in July 1979, to establish full respect for human rights and political liberties, hold early elections, preserve a private sector, permit political pluralism, and pursue a foreign policy of nonaggression and nonintervention;

(2) by providing military support (including arms, training, and logistical, command and control, and communications facilities) to groups seeking to overthrow the Government of El Salvador and other Central American governments, the Government of National Reconstruction of Nicaragua has violated article 18 of the Charter of the Organization of American States which declares that no state has the right to intervene, directly or indirectly, for any reason whatsoever, in the internal or external affairs of any other state;

2 UST 2394.

(3) the Government of Nicaragua should be held accountable before the Organization of American States for activities violative of promises made to the Organization and for violations of the Charter of that Organization; and

(4) working through the Organization of American States is the proper and most effective means of dealing with threats to the peace of Central America, of providing for common action in the event of aggression, and of providing the mechanisms for peaceful resolution of disputes among the countries of Central America.

(b) The President should seek a prompt reconvening of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs of the Organization of American States for the purpose of reevaluating the compliance by the Government of National Reconstruction of Nicaragua—

(1) with the commitments made by the leaders of that Government in July 1979 to the Organization of American States; and

(2) with the Charter of the Organization of American States.

(c) The President should vigorously seek actions by the Organization of American States that would provide for a full range of effective measures by the member states to bring about compliance by the Government of National Reconstruction of Nicaragua with those obligations, including verifiable agreements to halt the transfer of military equipment and to cease furnishing of military support facilities to groups seeking the violent overthrow of governments of countries in Central America.

(d) The President should use all diplomatic means at his disposal to encourage the Organization of American States to seek resolution

of the conflicts in Central America based on the provisions of the Final Act of the San Jose Conference of October 1982, especially principles (d), (e), and (g), relating to nonintervention in the internal affairs of other countries, denying support for terrorist and subversive elements in other states, and international supervision of fully verifiable arrangements.

(e) The United States should support measures at the Organization of American States, as well as efforts of the Contadora Group, which seek to end support for terrorist, subversive, or other activities aimed at the violent overthrow of the governments of countries in Central America.

(f) Not later than March 15, 1984, the President shall report to the Congress on the results of his efforts pursuant to this Act to achieve peace in Central America. Such report may include such recommendations as the President may consider appropriate for further United States actions to achieve this objective.

Report to  
Congress.

Recommendations.
